British Motorcycles 1945-1965 Rinsey Mills, 2019-01-29 From the forgotten Aberdale of Llwynypia Wales to the ingeniously eccentric Wooler of north west London British Motorcycles 1945 1965 offers alphabetical coverage in no less than 600 pages of British motorcycle makes of the period 1945 1965 among them great names such as AJS BSA Matchless Norton Royal Enfield Triumph and Vincent The two decades covered by this book represent the final flowering of the motorcycle industry in Britain a period when British bikes were shipped all over the world when America discovered high performance British twins and when ton up boys vied with each other in feats of horrific daring In the meantime rush hour roads resounded to the buzz and crackle of ride to work two strokes men hidden in cumbersome waterproof coats slogged along on unwieldy sidecar outfits wife on the pillion kids alongside and courting couples carefree hugging tight enjoyed a sunlit ride to the seaside or into the hills In this intensely detailed study author Rinsey Mills gives the histories of the motorcycle manufacturers and then provides information on the models they produced year by year using original material from sales brochures for the illustrations not only to identify the bikes and to highlight model changes and revisions but also to give the flavour of the times when they were to be seen going about their business Whether your taste is for the obscure and the might have beens for workaday two strokes nimble scramblers thumping singles ton up twins or fiery road racers all are here offering an unrivaled store of knowledge and information as well as more than 1 500 illustrations that provide a powerful evocation of motorcycling in these two decades The illustrations are accompanied by generous and informative captions which help to convey the strengths weaknesses and character of the machines as well as provide intriguing technical insights

Catalog of British Motorcycles Floyd Clymer, Velocepress, 2014-03 84 pages 83 black white illustrations size 8 25 x 11 inches Published in the USA under the same title in 1951 by Floyd Clymer the original publication was a pocket sized landscape format book and it is often criticized as difficult to read due to its small print size Consequently this edition was re formatted into a larger and more conventional portrait size which has increased the text size by almost 40% This publication provides the reader with an insight into the country and the manufacturers that were ultimately destined to succumb to the dominance of the Japanese motorcycle industry A total of 33 different British motorcycle manufacturers and their various models are included and sadly less than a handful of those 33 manufacturers survive today A must have resource for any motorcycle enthusiast and an invaluable reference for anyone interested in British iron Many of the motorcycles featured within are highly collectible today and the predominance of these early manufacturers no longer exist This truly historical documentation of the glory years of British motorcycle manufacturing has been out of print and unavailable for many years and is becoming increasingly more difficult to find on the secondary market We are pleased to be able to offer this reproduction as a service to all motorcycle enthusiasts worldwide

The A-Z of British Motorcycles

from the 1930s, 1940s, 1950s Roy Hunt Bacon,1997 **The Complete British Motorcycle** John Carroll,2001-08-01

Early in the 20th century the British motorcycle industry was one of the most flourishing such enterprises in the world. Inevitably though the Depression took its toll and postwar production recommenced under the auspices of just a handful of manufacturers most notably Triumph Norton and BSA. This large format all color photohistory examines the industry from the period coinciding with the Depression through its postwar boom its mismanagement during the 1970s and its current resurrection. An authoritative text and exclusive color photography including double page spreads of the most significant motorcycles explain the design development and production history of the machines featured while comprehensive specifications provide the facts and figures enthusiasts demand.
