Jorge Mario Bergoglio and Abraham Skorka  
*On Heaven and Earth:  
Pope Francis on Faith, Family,  
and the Church in the Twenty-First Century*

Translated by Alejandro Bermudez and Howard Goodman  
(New York: Image, 2013), xvi + 236 pp.

Jean-Pierre Ruiz, St. John's University NY

What would have been the fate of this book if Jorge Mario Bergoglio, S.J. had not emerged on the loggia of St. Peter's Basilica on March 13, 2013 as Francis, the 266<sup>th</sup> bishop of Rome? It might perhaps have gone the way of *His Eminence and Hizzoner: A Candid Exchange* (New York: Morrow, 1989), the book co-authored by the late Roman Catholic Archbishop of New York Cardinal John O'Connor and his Jewish friend, the equally outspoken former mayor of New York Edward I. Koch. In that volume, now long out of print, the two public figures opined in print about a wide range of matters, about many of which they agreed to disagree, modeling both civility and good humor in a city where such encounters by leaders in the public square might have been expected to generate far more friction and heat than light. This new book, *On Heaven and Earth*, was first published in Spanish in 2010, three years before the Archbishop of Buenos Aires became pope. It was quickly translated and rushed onto bookstores' shelves for readers around the world who were eager to learn all they could about the first successor to the See of Peter from the Americas. The book's co-authors are Cardinal Bergoglio and his close friend Rabbi Abraham Skorka, rector of the Seminario Rabinico Latinoamericano "Marshall T. Meyer." Quite unlike *His Eminence and Hizzoner*, where the cardinal and the mayor took on issues such as the press, education, abortion, race, and housing in separate side-by-side portions of the book's chapters, the texture of *On Heaven and*

East Contributors to this handbook offer a variety of disciplinary and interdisciplinary perspectives opening a domain of scholarship wherein the relationship between phenotype and racism is less pronounced than European and North American approaches which have often privileged the so called colour stigmata leading to further exclusions of particular ethnic racial and indigenous communities This volume seeks to overcome racism and white ideologies embedded in theories of race and ethnicity in Asia proving a valuable resource to both students and scholars of comparative racial and ethnic studies international relations and human rights
