ASTRALNA PROJEKCIJA

MAJA MANDIĆ MARKOVIĆ

"Astralna projekcija je fascinantna! Kada je jednom svjetlo došlo, postalo je stvarno
koje vas trenutno misli, kako vas pogled na sebe, na svet i svetove koji vas okružuju,
uho i na dodirne živote i smrt."

Clairvoyance and Occult Powers - William Walker Atkinson Swami Panchadasi,2019-09-14 All occultists know that man has other senses than the ordinary five although but few men have developed them sufficiently well to use them effectively These super physical senses are known to the occultists as the astral senses The term Astral used so frequently by all occultists ancient and modern is derived from the Greek word astra meaning star It is used to indicate those planes of being immediately above the physical plane The astral senses are really the counterparts of the physical senses of man and are connected with the astral body of the person just as the physical senses are connected with the physical body The office of these astral senses is to enable the person to receive impressions on the astral plane just as his physical senses enable him to receive impressions on the physical plane On the physical plane the mind of man receives only the sense impressions of the physical organs of sense but when the mind functions and vibrates on the astral plane it requires astral senses in order to receive the impressions of that plane and these as we shall see are present Each one of the physical senses of man has its astral counterpart Thus man has in latency the power of seeing feeling tasting smelling and hearing on the astral plane by means of his five astral senses More than this the best occultists know that man really has seven physical senses instead of but five though these two additional senses are not unfolded in the case of the average person though occultists who have reached a certain stage are able to use them effectively Even these two extra physical senses have their counterparts on the astral plane Taken from Clairvoyance and Occult Powers written by William Walker Atkinson under the Pseudonym Swami Panchadasi *Clairvoyance and Occult Powers* William Walker Atkinson,Swami Panchadasi,2014-03-12 The ordinary five senses are not the only senses The ordinary senses are not as infallible as many think them Illusions of the five physical senses What is back of the organs of physical sense All senses an evolution of the sense of feeling How the mind receives the report of the senses The Real Knower behind the senses What the unfolding of new senses means to man The super physical senses The Astral Senses Man has seven physical senses instead of merely five Each physical sense has its astral sense counterpart What the astral senses are Sensing on the astral plane How the mind functions on the astral plane by means of the astral senses The unfolding of the Astral Senses opens up a new world of experience to man 20 Lessons to help you master Clairvoyance Telepathy and other Occult Powers Includes a new introduction by Karl Wurf William Walker Atkinson 1862 1932 was an attorney merchant publisher and author as well as an occultist and an American pioneer of the New Thought movement He is also known to have been the author of the pseudonymous works attributed to Theron Q Dumont and Yogi Ramacharaka Clairvoyance and Occult Powers (Esprios Classics) William Walker Atkinson,2022-12-13 William
