Christian Hebraism in the Reformation Era (1500-1660) Stephen G. Burnett, 2012-01-06 Christian Hebraism in early modern Europe has traditionally been interpreted as the pursuit of a few exceptional scholars but in the sixteenth century it became an intellectual movement involving hundreds of authors and printers and thousands of readers The Reformation transformed Christian Hebrew scholarship into an academic discipline supported by both Catholics and Protestants This book places Christian Hebraism in a larger context by discussing authors and their books as mediators of Jewish learning printers and booksellers as its transmitters and the impact of press controls in shaping the public discussion of Hebrew and Jewish texts Both Jews and Jewish converts played an important role in creating this new and unprecedented form of Jewish learning **First Chapter Plus: connecting readers to new books (Issue #1, April 2010)** Watson, Irene, **Lowell L. Bennion** George B. Handley, 2023-11-07 The intellectual and ethical achievements of the Latter day Saint theologian Known in his lifetime for a tireless dedication to humanitarian causes Lowell L Bennion was also one of the most important theologians and ethicists to emerge in the Church of Jesus Christ of Latter day Saints in the twentieth century George B Handley s intellectual biography delves into Bennion s thought and extraordinary intellectual life Rejecting the idea that individual LDS practice might be at odds with lived experience Bennion insisted the gospel favored the growth of individuals acting and living in the present He also focused on the need for ongoing secular learning alongside religious practice and advocated for an idea of social morality that encouraged Latter day Saints to seek out meaningful transformations of character and put their ethical commitments into practice Handley examines Bennion s work against the background of a changing institution that once welcomed his common sense articulation of LDS ideas and values but became discomfited by how his thought cast doubt on the Church s beliefs about race and other issues [Pity the Reader](#) Kurt Vonnegut, Suzanne McConnell, 2020-10-01 A rich generous book about writing and reading and Kurt Vonnegut as writer teacher and friend Every page brings pleasure and insight Gail Godwin New York Times bestselling author Here is an entirely new side of Kurt Vonnegut Vonnegut as a teacher of writing Of course he s given us glimpses before with aphorisms and short essays and articles and in his speeches But never before has an entire book been devoted to Kurt Vonnegut the teacher Here is pretty much everything Vonnegut ever said or wrote having to do with the writing art and craft altogether a healing a nourishing expedition His former student Suzanne McConnell has outfitted us for the journey and in these 37 chapters covers the waterfront of how one American writer brought himself to the pinnacle of the writing art and we can all benefit as a result Kurt Vonnegut was one of the few grandmasters of American literature whose novels continue to influence new generations about the ways in which our imaginations can help us to live Few aspects of his contribution have not been plumbed fourteen novels collections of his speeches his essays his letters his plays so this fresh view of him is a bonanza for writers and readers and Vonnegut fans everywhere Part homage part memoir and a 100% guide to making art with words

Pity the Reader On Writing with Style is a simply mesmerizing book and I cannot recommend it highly enough Andre Dubus III 1 New York Times bestselling author The blend of memory fact keen observation spellbinding descriptiveness and zany characters that populated Vonnegut s work is on full display here James McBride National Book Award winning author

One Nation After Trump

E. J. Dionne, Norman J. Ornstein, Thomas E. Mann, 2017-09-19 THE INSTANT NEW YORK TIMES AND WASHINGTON POST BESTSELLER A call to action from three of Washington s premier political scholar journalists One Nation After Trump offers the definitive work on the threat posed by the Trump presidency and how to counter it American democracy was never supposed to give the nation a president like Donald Trump We have never had a president who gave rise to such widespread alarm about his lack of commitment to the institutions of self government to the norms democracy requires and to the need for basic knowledge about how government works We have never had a president who raises profound questions about his basic competence and his psychological capacity to take on the most challenging political office in the world Yet if Trump is both a threat to our democracy and a product of its weaknesses the citizen activism he has inspired is the antidote The reaction to the crisis created by Trump s presidency can provide the foundation for an era of democratic renewal and vindicate our long experiment in self rule The award winning authors of One Nation After Trump explain Trump s rise and the danger his administration poses to our free institutions They also offer encouragement to the millions of Americans now experiencing a new sense of citizenship and engagement and argue that our nation needs a unifying alternative to Trump s dark and divisive brand of politics an alternative rooted in a New Economy a New Patriotism a New Civil Society and a New Democracy One Nation After Trump is the essential book for our era an unsparing assessment of the perils facing the United States and an inspiring roadmap for how we can reclaim the future

Stakeholders' Perspectives on Assessment and Improvement of Quality in Early

Childhood Education and Care: A World-Wide Kaleidoscope Antonia Elisabeth Enikoe Baumeister, Hui Li, Linda Joan Harrison, 2024-08-29 The key aims of early childhood education and care ECEC are to offer children from all social backgrounds a good start in their lives to support parenting as well as families workforce participation and thereby to

sustainably strengthen the national economy over current and future generations High quality ECEC has been shown to improve child outcomes and be a buffer against developmental risk factors For these reasons governments ECEC providers and researchers are placing an increasing focus on the frameworks and systems that underpin quality as well as the measures that assess quality At the same time however research on ECEC as a multidisciplinary endeavor has shown that the aims and benefits of high quality ECEC can only be reached when all stakeholders needs are acknowledged and sufficiently met For example recent evidence suggests that the acceptability and social validity of quality assessment and improvement methods are contested among some stakeholders and thus the sustainability of these quality efforts may be in doubt New challenges also include the ever changing nature and circumstances affecting ECEC stakeholders for example the greater flows of refugee families and the impact of the Covid 19 pandemic This Frontiers Research Topic will contribute to an updated knowledge base in order to inform governments providers and the scientific community about best practices and new solutions for conceptualizing measuring and improving ECEC quality The aim of the proposed Research Topic is to generate a worldwide kaleidoscope of research studies that explore and discuss models for gathering the perspectives of multiple stakeholders and considering the meaningfulness of stakeholder views for conceptualizing assessing and improving quality in ECEC We believe that greater attention needs to be given to the diversity of stakeholders who are invested in ECEC including government regulatory authorities service providers educators families communities and children We also believe that wide ranging stakeholder input will generate innovative methods for assessing and improving quality that keep pace with our rapidly changing information society Two further foci are set on ECEC practices 1 that support participation diversity and inclusion of all children and families and 2 that are suitable for developing countries and diverse populations within countries In this the focus is not only on best practices but also on the limitations of practices In soliciting research articles on ECEC stakeholder perspectives we describe stakeholders as inclusive of government non government regulatory agencies service providers teachers and caregivers families communities and children Themes of interest include but are not limited to Assessment of quality in ECEC including self assessment approaches The design of and use of quality frameworks in ECEC Effects of quality and of quality improvement on children and families Drivers and indicators of quality improvement Acceptance and sustainability of quality efforts among ECEC stakeholders Policy expectations of quality rating and improvement systems e g funding policy The role of teacher and caregiver professionalization All types of center based and home based ECEC We are interested both in quantitative and qualitative research designs as well as in mixed methods research Cross sectional longitudinal quasi experimental and case study designs are welcome The following article types are welcome original research empirical studies systematic reviews community case studies policy briefs articles and brief research reports
