Jonathan C. Gold

Paving The Great Way Vasubandhus Unifying Buddhist Philosophy:

Paving the Great Way Jonathan C. Gold, 2014-11-11 The Indian Buddhist philosopher Vasubandhu fourth fifth century C E is known for his critical contribution to Buddhist Abhidharma thought his turn to the Mahayana tradition and his concise influential Yogacara Vijñānavāda texts Paving the Great Way reveals another dimension of his legacy his integration of several seemingly incompatible intellectual and scriptural traditions with far ranging consequences for the development of Buddhist epistemology and the theorization of tantra Most scholars read Vasubandhu's texts in isolation and separate his intellectual development into distinct phases Featuring close studies of Vasubandhu's *Abhidharmakośaśāstra* *Vyakhyayukti Vimsatika* and *Trisvabhavanirdeśa* among other works this book identifies recurrent treatments of causality and scriptural interpretation that unify distinct strands of thought under a single coherent Buddhist philosophy In Vasubandhu's hands the Buddha's rejection of the self as a false construction provides a framework through which to clarify problematic philosophical issues such as the nature of moral agency and subjectivity under a broadly causal worldview Recognizing this continuity of purpose across Vasubandhu's diverse corpus recasts the interests of the philosopher and his truly innovative vision which influenced Buddhist thought for a millennium and continues to resonate with today's philosophical issues An appendix includes extensive English language translations of the major texts discussed

The Oxford Handbook of Indian Philosophy Jonardon Ganeri, 2017-10-12 The Oxford Handbook of Indian Philosophy tells the story of philosophy in India through a series of exceptional individual acts of philosophical virtuosity It brings together forty leading international scholars to record the diverse figures movements and approaches that constitute philosophy in the geographical region of the Indian subcontinent a region sometimes nowadays designated South Asia The volume aims to be ecumenical drawing from different locales languages and literary cultures inclusive of dissenters heretics and sceptics of philosophical ideas in thinkers not themselves primarily philosophers and reflecting India's north western borders with the Persianate and Arabic worlds its north eastern boundaries with Tibet Nepal Ladakh and China as well as the southern and eastern shores that afford maritime links with the lands of Theravāda Buddhism Indian Philosophy has been written in many languages including Pali Prakrit Sanskrit Malayalam Urdu Gujarati Tamil Telugu Bengali Marathi Persian Kannada Punjabi Hindi Tibetan Arabic and Assamese From the time of the British colonial occupation it has also been written in English It spans philosophy of law logic politics environment and society but is most strongly associated with wide ranging discussions in the philosophy of mind and language epistemology and metaphysics how we know and what is there to be known ethics metaethics and aesthetics and metaphilosophy The reach of Indian ideas has been vast both historically and geographically and it has been and continues to be a major influence in world philosophy In the breadth as well as the depth of its philosophical investigation in the sheer bulk of surviving texts and in the diffusion of its ideas the philosophical heritage of India easily stands comparison with that of China Greece the Latin west or the Islamic world

Madhyamaka and Yogacara Jay L.

Garfield, Jan Westerhoff, 2015 Madhyamaka and Yogacara are the two principal schools of Mahayana Buddhist philosophy While Madhyamaka asserts the ultimate emptiness and conventional reality of all phenomena Yogacara is usually considered to be idealistic This collection of essays addresses the degree to which these philosophical approaches are consistent or complementary Indian and Tibetan doxographies often take these two schools to be philosophical rivals They are grounded in distinct bodies of sutra literature and adopt what appear to be very different positions regarding the analysis of emptiness and the status of mind Madhyamaka Yogacara polemics abound in Indian Buddhist literature and Tibetan doxographies regard them as distinct systems Nonetheless scholars have tried to synthesize the two positions for centuries This volume offers new essays by prominent experts on both these traditions who address the question of the degree to which these philosophical approaches should be seen as rivals or as allies In answering the question of whether Madhyamaka and Yogacara can be considered compatible contributors engage with a broad range of canonical literature and relate the texts to contemporary philosophical problems *The Routledge Handbook of Indian Buddhist Philosophy* William

Edelglass, Pierre-Julien Harter, Sara McClintock, 2022-08-15 The Routledge Handbook of Indian Buddhist Philosophy is the first scholarly reference volume to highlight the diversity and individuality of a large number of the most influential philosophers to have contributed to the evolution of Buddhist thought in India By placing the author at the center of inquiry the volume highlights the often unrecognized innovation and multiplicity of India's Buddhist thinkers whose unique contributions are commonly subsumed in more general doctrinal presentations of philosophical schools Here instead the reader is invited to explore the works and ideas of India's most important Buddhist philosophers in a manner that takes seriously the weight of their philosophical thought The forty chapters by an international and interdisciplinary team of renowned contributors each seek to offer both a wide ranging overview and a philosophically astute reading of the works of the most seminal Indian Buddhist authors from the earliest writings to the twentieth century The volume thus also provides thorough coverage of all the main figures texts traditions and debates animating Indian Buddhist thought and as such can serve as an in depth introduction to Buddhist philosophy in India for those new to the field Essential reading for students and researchers in Asian and comparative philosophy The Routledge Handbook of Indian Buddhist Philosophy is also an excellent resource for specialists in Buddhist philosophy as well as for contemporary philosophers interested in learning about the rigorous and rich traditions of Buddhist philosophy in India **Classical Indian Philosophy** Peter Adamson, Jonardon

Ganeri, 2020-03-26 Peter Adamson and Jonardon Ganeri present a lively introduction to one of the world's richest intellectual traditions the philosophy of classical India They begin with the earliest extant literature the Vedas and the explanatory works that these inspired known as Upanishads They also discuss other famous texts of classical Vedic culture especially the Mahabharata and its most notable section the Bhagavad Gita alongside the rise of Buddhism and Jainism In this opening section Adamson and Ganeri emphasize the way that philosophy was practiced as a form of life in search of liberation from suffering

Next the pair move on to the explosion of philosophical speculation devoted to foundational texts called sutras discussing such traditions as the logical and epistemological Nyaya school the monism of Advaita Vedanta and the spiritual discipline of Yoga In the final section of the book they chart further developments within Buddhism highlighting Nagarjuna's radical critique of non dependent concepts and the no self philosophy of mind found in authors like Dignaga and within Jainism focusing especially on its standpoint epistemology Unlike other introductions that cover the main schools and positions in classical Indian philosophy Adamson and Ganeri's lively guide also pays attention to philosophical themes such as non violence political authority and the status of women while considering textual traditions typically left out of overviews of Indian thought like the Charvaka school Tantra and aesthetic theory as well Adamson and Ganeri conclude by focusing on the much debated question of whether Indian philosophy may have influenced ancient Greek philosophy and from there evaluate the impact that this area of philosophy had on later Western thought

Буддизм жжет! Ну вот же ясный путь к счастью! Нейропсихология медитации и просветления Роберт Райт, 2018-12-24

Filosofía india clásica Peter Adamson, Jonardon Ganeri, 2025-09-15 Este valioso texto presenta una de las tradiciones intelectuales más ricas y profundas del mundo la filosofía de la India clásica Peter Adamson y Jonardon Ganeri presentan los primeros mil años partiendo de textos tan antiguos como las escrituras védicas y las Upanishads para pasar a continuación al estudio de los siglos trasas como al desarrollo del budismo y el jainismo y concluir con la influencia de la filosofía india en tradiciones como la griega y la islámica evaluando así su impacto sobre el pensamiento occidental posterior Esta introducción a la historia de la filosofía india se destaca por guiar al lector a partir de las propias fuentes a través de la variedad y la densidad de los argumentos indios en todas las ramas del quehacer filosófico Al mismo tiempo resalta su valor para la discusión filosófica en general en relación con debates contemporáneos sobre la conciencia el lenguaje y la acción correcta entre muchos otros

The Fundamental Wisdom of the Middle Way Nagarjuna, 1995-11-09 The Buddhist saint Nagarjuna who lived in South India in approximately the second century CE is undoubtedly the most important influential and widely studied Mahayana Buddhist philosopher His many works include texts addressed to lay audiences letters of advice to kings and a set of penetrating metaphysical and epistemological treatises His greatest philosophical work the *Mulamadhyamikakarika* a read and studied by philosophers in all major Buddhist schools of Tibet China Japan and Korea is one of the most influential works in the history of Indian philosophy Now in *The Fundamental Wisdom of the Middle Way* Jay L. Garfield provides a clear and eminently readable translation of Nagarjuna's seminal work offering those with little or no prior knowledge of Buddhist philosophy a view into the profound logic of the *Mulamadhyamikakarika* Garfield presents a superb translation of the Tibetan text of *Mulamadhyamikakarika* in its entirety and a commentary reflecting the Tibetan tradition through which Nagarjuna's philosophical influence has largely been transmitted Illuminating the systematic character of Nagarjuna's reasoning Garfield shows how Nagarjuna develops his doctrine that all phenomena are empty of inherent existence that is than nothing exists substantially or independently

Despite lacking any essence he argues phenomena nonetheless exist conventionally and that indeed conventional existence and ultimate emptiness are in fact the same thing This represents the radical understanding of the Buddhist doctrine of the two truths or two levels of reality He offers a verse by verse commentary that explains Nagarjuna's positions and arguments in the language of Western metaphysics and epistemology and connects Nagarjuna's concerns to those of Western philosophers such as Sextus Hume and Wittgenstein An accessible translation of the foundational text for all Mahayana Buddhism The Fundamental Wisdom of the Middle Way offers insight to all those interested in the nature of reality

Ocean of Reasoning Tsong-kha-pa Blo-bzang-grags-pa, 2006-04-20 Tsong kha pa 14th century is arguably the most important and influential philosopher in Tibetan history An Ocean of Reasoning is the most extensive and perhaps the deepest extant commentary on Nagarjuna's Mulamadhyamakakarika Fundamental Wisdom of the Middle Way and it can be argued that it is impossible to discuss Nagarjuna's work in an informed way without consulting it It discusses alternative readings of the text and prior commentaries and provides a detailed exegesis constituting a systematic presentation of Madhyamaka Buddhist philosophy Despite its central importance however of Tsong kha pa's three most important texts only An Ocean of Reasoning remains untranslated perhaps because it is both philosophically and linguistically challenging demanding a rare combination of abilities on the part of a translator Jay Garfield and Ngawang Samten bring the requisite skills to this difficult task combining between them expertise in Western and Indian philosophy and fluency in Tibetan Sanskrit and English The resulting translation of this important text will not only be a landmark contribution to the scholarship of Indian and Tibetan Buddhism but will serve as a valuable companion volume to Jay Garfield's highly successful translation of The Fundamental Wisdom of the Middle Way

The Fundamental Wisdom of the Middle

Way: Nagarjuna's Mulamadhyamakakarika Jay L. Garfield, 1995-11-09 For nearly two thousand years Buddhism has mystified and captivated both lay people and scholars alike Seen alternately as a path to spiritual enlightenment a system of ethical and moral rubrics a cultural tradition or simply a graceful philosophy of life Buddhism has produced impassioned followers the world over The Buddhist saint Nagarjuna who lived in South India in approximately the first century CE is undoubtedly the most important influential and widely studied Mahayana Buddhist philosopher His many works include texts addressed to lay audiences letters of advice to kings and a set of penetrating metaphysical and epistemological treatises His greatest philosophical work the Mulamadhyamikakarika read and studied by philosophers in all major Buddhist schools of Tibet China Japan and Korea is one of the most influential works in the history of Indian philosophy Now in The Foundations of the Philosophy of the Middle Way Jay L Garfield provides a clear and eminently readable translation of Nagarjuna's seminal work offering those with little or no prior knowledge of Buddhist philosophy a view into the profound logic of the Mulamadhyamikakarika Translated from the Tibetan the tradition through which Nagarjuna's philosophical influence has largely been transmitted Garfield presents a superb translation of Mulamadhyamikakarika in its entirety Illuminating the

systematic character of Nagarjuna's reasoning as well as the work's profundity. Garfield shows how Nagarjuna develops his doctrine that all phenomena are empty of inherent existence and essenceless. But he argues phenomena nonetheless exist conventionally and that indeed conventional existence and ultimate emptiness are in fact the same thing. This represents the radical understanding of the Buddhist doctrine of the two truths or two levels of reality. Nagarjuna reinterprets all of Buddhist metaphysics and epistemology through this analytical framework, a systematic and beautifully elegant philosophical dissection of reality. In turn, Garfield goes on to offer the only verse-by-verse commentary based upon the Indo-Tibetan Prasangika-Madhyamika reading of Nagarjuna, the school most influential in the development of Mahayana philosophy in Tibet, China, Korea, and Japan. Written specifically for the Western reader, the commentary explains Nagarjuna's positions and arguments in the language of Western metaphysics and epistemology and connects Nagarjuna's concerns to those of Western philosophers such as Sextus Hume and Wittgenstein. A fascinating and accessible translation of the foundational text for all Mahayana Buddhism. The Fundamental Wisdom of the Middle Way will enlighten all those in search of the essence of reality.

Ocean of Reasoning : A Great Commentary on Nagarjuna's Mulamadhyamakakarika Tsongkhapa, 2006-03-23

Tsongkhapa, 14th century, is arguably the most important and influential philosopher in Tibetan history. An Ocean of Reasoning is the most extensive and perhaps the deepest extant commentary on Nagarjuna's Mulamadhyamakakarika, Fundamental Wisdom of the Middle Way, and it can be argued that it is impossible to discuss Nagarjuna's work in an informed way without consulting it. It discusses alternative readings of the text and prior commentaries and provides a detailed exegesis constituting a systematic presentation of Madhyamaka Buddhist philosophy. Despite its central importance, however, of Tsongkhapa's three most important texts, only An Ocean of Reasoning remains untranslated, perhaps because it is both philosophically and linguistically challenging, demanding a rare combination of abilities on the part of a translator. Jay Garfield and Ngawang Samten bring the requisite skills to this difficult task, combining between them expertise in Western and Indian philosophy and fluency in Tibetan, Sanskrit, and English. The resulting translation of this important text will not only be a landmark contribution to the scholarship of Indian and Tibetan Buddhism but will serve as a valuable companion volume to Jay Garfield's highly successful translation of The Fundamental Wisdom of the Middle Way.

The Path of Purification Bhaddanta Cariya Buddhaghosa, 2020

The Visuddhimagga is the great treatise of Theravada Buddhism, an encyclopedic manual of doctrine and meditation written in the fifth century by the great Buddhist commentator Buddhaghosa. The most esteemed commentary in all of Pali literature, The Path of Purification or Visuddhimagga is a systematic examination and condensation of Buddhist doctrine and meditation technique. The various teachings of the Buddha found throughout the Pali Canon are organized in a clear, comprehensive manner. In the course of his treatise, Buddhaghosa gives full and detailed instructions on the forty subjects of meditation aimed at concentration, an elaborate account of the Buddhist Abhidhamma philosophy, and explicit descriptions of the stages of insight culminating in

final liberation The author Bhadantacarya Buddhaghosa composed the Visuddhimagga in the early part of the 5th century A D The India born monk scholar traveled to Sri Lanka to translate into Pali the extensive Sinhalese commentaries preserved there His crystallization of the entire Pali Canon reinvigorated Theravada Buddhism in India and Sri Lanka It still shines as clearly today in this brilliant 1956 translation by the British born monk Bhikkhu amoli that in itself is considered an outstanding achievement of Pali scholarship of the 20th century This book is from BPS Pariyatti Editions which co publishes classic and contemporary titles from the Buddhist Publication Society of Kandy Sri Lanka

Seven Works of Vasubandhu, the Buddhist Psychological Doctor Vasubandhu, Stefan Anacker, 1984-01-01 Vasubandhu is one of the most prominent figures in the development of Mahayana Buddhism in India His name can be found in any history of Buddhism or of India in the Gupta period However hardly any of his works has been translated into English The seven treatises presented here are complete works with a most varied range of topics and serve at least as an introduction to his thought This collection of translations includes the Vada Vidhi a work on logic the Panca skandhaka Prakarana which deals with the aggregates making up personality the Karmasiddhi prakarana which in explaining psychic continuity also attacks many features of earlier Buddhist psychology the famous Vimsatika and Trimsika which take Buddhist psychology into hitherto unexplored areas the Madhyanta Vibhaga bhasya one of the most profound books for Mahayana realization and the Tri svabhava nirveda which shows a way for ridding consciousness of ensnaring mental constructions A glossary of key words is included as are the texts of those works which survive in Sanskrit Each translation is prefaced by an explanatory introduction and is followed by notes These include also references to other Indian philosophical systems and occasional comparisons with modern Western psychological systems particularly where the latter seem inadequate in comparison with Vasubandhu s Yogacara

Abhidharmakosa-Bhasya of Vasubandhu Gelong Lodro Sangpo, Bhikkhu K.L. Dhammajoti, 2012-01-01 Vasubandhu s Abhidharmakosa Bhasya ca 380 390 besides its culminating achievement in streamlining the overall structure of the exposition of the preceding Abhidharma manuals is unmatched by any of the preceding manuals in respect of its comprehensiveness incorporating all important Vaibhasika doctrines since the time of the Abhidharma mahavibhasa of its excellent skill in definition and elucidation and of its ability to clarify the difficult point involved in doctrinal disputations Added to these qualities is its great value as a brilliant critique and insightful revaluation of all the fundamental Sarvastivada doctrines developed up to its time Since its appearance it has been used as a standard textbook for the understanding of not only the Abhidharma doctrines but all the fundamental Buddhist doctrines in general Translated into Chinese by Paramartha in 563 A D and by Hsuan tsang in 651 654 A D Hsuan tsang s disciple Pu kuang tells us that in India the Abhidharmakosa Bhasya was hailed as the Book of Intelligence In China Japan and the Far east too the Kosa has generally been highly treasured as a textbook of fundamental importance for Buddhist studies Vasubandhu s brilliant critique of the doctrines of the Vaibhasika was answered by the equally brilliant Samghabhadra a contemporary staunch defender and expounder of the

doctrines of the Vaibhasikas in his masterwork the Abhidharmanyayanusara now extant only in Hsuan tsang s translation 653 654 A D The Sanskrit text considered for a long time to be irremediably lost was discovered by Rahula Samkrtyayana in 1935 in the Tibetan monastery of Ngor and was published by P Pradhan in 1967 1st edition Nagarjuna's Wisdom Barry Kerzin,2019-08-27 Explore the Mulamadhyamakakarika the way the Dalai Lama teaches it Nagarjuna s Fundamental Verses on the Middle Way or as it s known in Tibetan Root Wisdom is a definitive presentation of the doctrines of emptiness and dependent arising and a foundational text of Mahayana Buddhism In this book Barry Kerzin personal physician to the Dalai Lama presents this fundamental work in a digestible way using a method favored by His Holiness focusing on five key chapters presented in a specific order First we explore the twelve links of dependent origination in Nagarjuna s chapter 26 to learn why and how we cycle through sa sara Then we examine the self that cycles to discover that in fact there is no inherently existent self based on Nagarjuna s chapter 18 We then enter an analysis of the four noble truths based on chapter 24 to understand how conventional reality is understood Next an investigation of the Tathagata shows the reader that even emptiness is empty in chapter 22 Finally Nagarjuna re emphasizes the pervasiveness of emptiness in his first chapter Thus Dr Kerzin walks us through Nagarjuna s masterwork and lets the great teacher introduce us to Buddhist philosophy step by step deepening our understanding enhancing the way we practice *A Buddhist Doctrine of Experience* Thomas A. Kochumuttom,Vasubandhu,1982 Includes Vasubandhu s selected works in Sanskrit Roman with English translation

Entering the Way of the Great Vehicle Rongzom Chokyi Zangpo,2021-06-15 The first English translation of a classic treatise on how the Tibetan practice of Dzogchen or Great Perfection is in fact the culmination of the path of Mahayana Buddhism Rongzom Ch kyi Zangpo wrote this treatise in the eleventh century during the renaissance of Buddhism in Tibet that was spurred by the influx of new translations of Indian Buddhist texts tantras and esoteric transmissions from India For political and religious reasons adherents of the new schools of Tibetan Buddhism fostered by these new translations cast the older tradition of lineages and transmissions as impure and decadent Rongzompa composed the work translated here in order to clearly and definitively articulate how Dzogchen was very much in line with the wide variety of sutric and tantric teachings espoused by all the Tibetan schools Using the kinds of philosophic and linguistic analyses favored by the new schools he demonstrates that the Great Perfection is indeed the culmination and maturation of the Mah y na the Great Vehicle The central topic of the work is the notion of illusory appearance for when one realizes deeply that all appearances are illusory one realizes also that all appearances are in that respect equal The realization of the equality of all phenomena is said to be the Great Perfection approach to the path which frees one from both grasping at and rejecting appearances However for those unable to remain effortlessly within the natural state in the final chapter Rongzompa also describes how paths with effort are included in the Great Perfection approach Fundamental Wisdom of the Middle Way Brad Warner,2011-10-25 This new translation and commentary of ancient Buddhist text by a best selling author and teacher

transcends idealism and materialism **The Path of Purification** Buddhaghosa,1979 **The Adornment of the Middle Way** Śāntarakṣita,Padmakara Translation Group,2005 Erin doesn't get what all the fuss is about When did boys stop being friends and start being boyfriends Why are all the girls in her year shaving their legs and slopping goop on their faces And since when did her big sister start keeping secrets about her love life Erin's never been afraid of doing her own thing but she never thought she'd be deliberately left out What's everyone's problem

Enjoying the Melody of Appearance: An Emotional Symphony within **Paving The Great Way Vasubandhus Unifying Buddhist Philosophy**

In some sort of consumed by monitors and the ceaseless chatter of instantaneous communication, the melodic elegance and emotional symphony developed by the published term often fade into the back ground, eclipsed by the persistent noise and distractions that permeate our lives. Nevertheless, set within the pages of **Paving The Great Way Vasubandhus Unifying Buddhist Philosophy** a charming literary treasure overflowing with organic feelings, lies an immersive symphony waiting to be embraced. Constructed by a wonderful musician of language, this interesting masterpiece conducts viewers on an emotional journey, skillfully unraveling the hidden tunes and profound influence resonating within each carefully constructed phrase. Within the depths with this touching review, we will investigate the book is main harmonies, analyze its enthralling writing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
