Book Oh Your God Evil Religion:

Oh, Your God! Joshua Kelly, 2016-01-05 This book is not just for atheists but for antitheists for people who celebrated the writing of Christopher Hitchens and miss his voice Making the provocative assertion that the entire enterprise of organized religion is a thing for which the world and our species would have been better without Oh Your God follows in the footsteps of the material observations of Lucretius Epicurus and Democritus and the more recent antitheistic arguments of Christopher Hitchens and Richard Dawkins Drawing from timeless philosophers modern debates historical events and current social climates Joshua Kelly illustrates the shameful and debilitating damage religion has caused and continues to cause whether to our psyches our bodies our societies or our world Citing the murders of Nigeria s witch children the subversion of sexual emancipation the tethers of slavery the attacks of September 11 the pseudomorality of monotheistic mythology the subjugation of women and much more he provides an abundance of damning evidence to back up his claims Only by acknowledging and grappling with the real and potential dangers of religion he argues will we be able to thrive and develop as a species

Christian Mystery: A Chinese Tale, Found in the Portfolio of a Portuguese Friar

Anonymous, 2021-04-26 Christian Mystery A Chinese Tale Found in the Portfolio of a Portuguese Friar delves into the intriguing intersection of faith culture and storytelling merging elements of folk narrative with moral and spiritual inquiry Written in a nuanced literary style that weaves together dialogue and rich imagery the narrative unfolds a profound exploration of religious themes through the lens of a Portuguese friar s experiences in China This enigmatic work captures the complexities of cross cultural encounters during the Age of Discovery shedding light on how Christian ideals were interpreted and adapted within diverse cultural frameworks revealing the intricate dance between belief and local traditions The author remains anonymous a decision that speaks volumes about the narratives of identity and authorship that permeated the period The work likely stems from the Portuguese Jesuit missions in the East where religious figures sought to bridge the gap between Western and Eastern thought This context offers insights into the philosophical and theological undercurrents of the time inviting readers to engage with the text not just as a story but as a cultural artifact shaped by colonial and spiritual aspirations Readers are encouraged to immerse themselves in this thought provoking tapestry that invites reflection on faith identity and the universal quest for meaning Christian Mystery serves not only as a captivating narrative but also as a resource for understanding the broader implications of cultural exchange and religious expression in an era defined by exploration
