

A Guide to Effective Communication With Parents

It's unlikely
you can be pro-
ficient parents, so
always work together
in a partnership.

Using communication can
be tiring at times and may
be a lot of effort, however,
communication is vital for the
child's educational development
can be a wonderful and
enjoyable learning tool.
By keeping and maintaining
communication, you will
be able to keep track of any
progress and ensure that
you are communicating with all
the staff and teachers of children in class.

Communication is the process
of exchanging information
and ideas between people.
It is a key part of the learning
process and is essential for
the child's development.

It is important to be clear to the child, if
there is a problem with a
child, it is important to be clear to the
child that you are not
happy with the child's work.

It is important to be clear to the child, if
there is a problem with a
child, it is important to be clear to the
child that you are not
happy with the child's work.

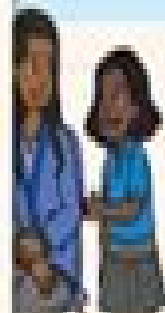

Be Positive

Always start
with something
positive about
the child. Parents
need to know that
you care about
their child and
that you have
their best interests
at heart. Starting
with a positive
and ending with a
positive will help
you to develop a
good relationship
with the parents.

It is important to be clear to the child, if
there is a problem with a
child, it is important to be clear to the
child that you are not
happy with the child's work.

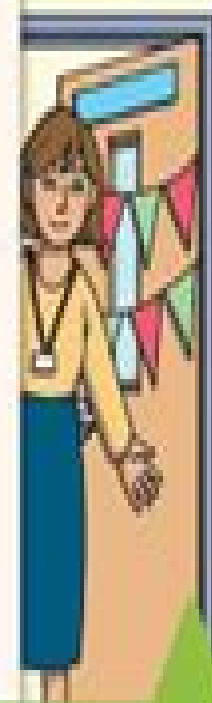

Be Clear

It is important to be clear to the child, if
there is a problem with a
child, it is important to be clear to the
child that you are not
happy with the child's work.

Discussing Issues in class

Using class time

It is important to be clear to the child, if
there is a problem with a
child, it is important to be clear to the
child that you are not
happy with the child's work.

A Parent's Guide to Common and Uncommon School Problems David A. Gross,Irl Extein,1989 *Book Review Digest* ,1924 **The Complete Parents' Guide to Telephone Medicine** Jeffrey L. Brown,1982 *Parents' Guide to Special Needs Schooling* Ruth F. Cantor,Jeffrey A. Cantor,1995-12-11 This book is written to help parents of special needs children understand and navigate the educational system The book describes the various ways parents can be involved in planning and delivering a special education program for their child Communication between school medical practitioner and parents is the key ingredient to success in these endeavors This is the central theme of the book Topics covered include proper diagnosis of the disability confirmation of perceived problems parental coping strategies assessment educational program identification IEP program planning processes interfacing with school system organizations finding support groups and information and due process As important as parental involvement in a child s education is for a healthy child it is even more essential for the special needs child The authors have found that the school system is not always a friendly organization when it comes to parental involvement Yet a parent s involvement in diagnostic and placement procedures and overseeing and measuring progress is a right This book will guide parents in exercising these rights to total involvement in the process
