on down to the reviews I am going to show you exactly how to tell the difference from a review that is real and a review that is put out by the hacks that I am trying to warn you all about in all of these eBooks First look at the review from Amazon customer Now click onto what this dude spends his time reviewing Do you see all that Should I name off all of the titles of the books he reviews or do I need not say anymore Now look at that 4 star review and take a gander at what he reviews Can you see what I am getting at here Now Amazon customer has every right to drop a 1 star review onto my page with full intent of trying to destroy my chances of anyone ever purchasing this little eBook This is his only reason for leaving that idiotic review But ask yourself what does he not want any of you all to see He got this eBook for FREE And I sell it for only 99 cents which I only make 35% of that The content inside is far more valuable to not only legitimate self publishers but to readers of eBooks and books in general I am exposing a certain crop of turd in all of these eBooks and they absolutely do not like it at all You see they are used to being the bullies not the other way around I am not wagging my finger at them in these eBooks I am butting up my nose against theirs and staring them dead in their ugly fat mugs So ask yourself why was Amazon customer who reviews dozens and dozens of books that are in one type of specific niche waaaaaaay over here downloading free eBooks in this niche Hmmm Makes you kind of wonder why right What makes me laugh is how he thinks bagging on my little eBook and calling it poorly edited btw its not even edited kido when he reviews books that are written by kids in third world countries for peanuts and pumped out pun intended by the hundreds by internet hacks is supposed to stop people from purchasing it People arent purchasing this for its editing quality kid Nor are they purchasing it for its page count And since you went there I have 4 000 words put into this little 15 page eBook kid I dont need to do the little tricks that I will expose in future eBooks that make these hacks eBooks seem twice as long and sometimes longer than they really are To be perfectly honest kid I am not after your little niche anyways so go and practice your felching or go and get a facial or something From a spa of course get your mind out of the gutter I am after the bigger dogs in the yard so dont worry you and your crones are ok by me So go and tell all of your publishing hack buddies that it is not them who it is that I am targeting here Kapeesh Now be gone with you You are like a gnat bugging me as I am trying to eat a piece of watermelon P S Kid PPS I am only doing this for the handful of legitimate self publishers on the internet who are very few and even further in between
