Getting Over Max Cooper Marcelle Karp,2022-04-19 Letting go is a beach Jazz Jacobson has spent fourteen of her sixteen summers on Fire Island It s just an hour from Manhattan but feels like a world away where Jazz thrives in the absence of the social hierarchies and pressures of high school Most of all it s the place where she s reunited with her best friend Macy Whelan This summer starts out strong when the cute new boy on the island seems to like Jazz hello first boyfriend But it s hard to focus on her own crush when Macy s still obsessing over her hookup from last summer Max Cooper Jazz can t believe how cold and mean Max is to Macy But when Macy starts to seriously act out Jazz begins to see that she knows only one side of the story and that she has to help her friend before something terrible happens Boundaries are crossed and the edge of sanity is tested in Marcelle Karp s debut novel which celebrates the complicated dynamics of female friendship and the heartbreaking ache of first love **The Business of Cyber** Peter Fagan,2024-02-23 This book examines the cybersecurity phenomenon looking at the folklore the hype and the behaviour of its practitioners A central theme is that the management of cybersecurity needs to be owned by the people running the organisation rather than by the cybersecurity team who frequently don t have management as a core skill In order to effect that change managers need to have the background and

detail to challenge what they are being told enabling them to engage in a way that will result in more appropriate outcomes for the business This book provides that background and detail It debunks a number of cyber myths and calls out basic errors in the accepted thinking on cyber The content is strongly rooted in available research and presented in an accessible manner with a number of business related case studies Each chapter in the book takes a theme such as end user behaviours and compares the available evidence with what the industry would like to have its customers believe The conclusion is that there is definitely a problem and we certainly need cyber defences Just not the ones the industry is currently selling
