Natural Perfection Longchenpas Radical Dzogchen:

Natural Perfection Longchen Rabjam, 2012-06-25 Dzogchen or the Great Perfection is considered by many to be the apex of Tibetan Buddhism and Longchen Rabjam is the most celebrated of all the saints of this remarkable tradition. Natural Perfection presents the radical precepts of Dzogchen pointing the way to absolute liberation from conceptual fetters and leading the practitioner to a state of pure natural integration into one's true being. Transcending the Tibetan context or even the confines of Buddhist tradition, Longchen Rabjam delivers a manual full of practical wisdom. Natural Perfection is a shining example of why people have continued to turn to the traditions of Tibet for spiritual and personal transformation and realization. Keith Dowman's illuminating translation of this remarkable work of wisdom provides clear accessibility to the profound path of Dzogchen in the here and now.

Quantum Buddhist Wonders of the Universe Graham Smetham, 2012-07-04 An exploration of the implications of the meeting of Quantum Physics and Buddhist metaphysics for our understanding of paranormal phenomenon. The quantum nature of telepathy. The quantum truth of rebirth. The holographic principle and enlightenment. Advanced states of consciousness in Buddhist jhana meditation and the psychology of Abraham Maslow. The misleading ideas of Brian Cox and Jim Al-Khalili. Michael Menzies's Quantum Concept of Consciousness and much more.

Spaciousness: the Radical Dzogchen of the Vajra-Heart Keith Dowman, 2014-07-04 This famous seminal text of radical Dzogchen provides a profound yet simple poetic statement of how it is to immerse oneself in the matrix of the now and recognize buddha. It is the personal statement of a peerless yogin adept. Certainly the magic of his poetry impresses us that way and surely this Treasury of the Dharmadhatu the Choyingdzö reveals the consummation of Dzogchen. In it we are assured that over and above all the yogas and dhyanas of Hindustan, all the ritual and magic of Tibet and all the quasi-religious new age therapies of the West, there exists a simple timeless manner of being, easy of access, requiring no onerous technique or renunciate lifestyle that can give us some constant satisfaction in this vale of laughter and tears between birth and dying. With Longchenpa Dzogchen Ati reaches its most complete revelation, the Choyingdzö is Longchenpa's most revealing statement about the vajra heart, and Keith Dowman has made a fine translation. The pathless path of Dzogchen comes alive in this poetic exposition of the apex of Tibetan mysticism. The form of language, the translation, the use of poetic invention creates an atmosphere of understanding as if a mahasiddha were writing in Oxford English with a touch of American slang. This is radical Dzogchen, not only in the actual teaching itself but also in the translation that strikes the flint of idiom to create sparks of wisdom that reveal the whole hologram.

, 2017-09-16 *Mountain Dharma* *Alchemy of Realization* is a presentation of the personal and intimate advice of the late and great Dzogchen Master Dudjom Rinpoche to a group of students bent on meditation retreat Ever masterful Dudjom Rinpoche whose life and work provided a brilliant example of a Tibetan rigzin's full awareness tells a group of yogis how to use an extended period of seclusion in a mountain hermitage to recognize the nature of mind in the Dzogchen tradition In this instruction he is down to earth and eminently practical But also in a short but seminal exposition of the Dzogchen view he delivers the nature of mind as if pointing at it in front of us Dudjom Rinpoche places himself amongst the great masters of the Tibetan language and great yogis of the Dzogchen tradition along with Longchenpa and Jigme Lingpa in this classical exposition of Dzogchen It is important to note that as Keith Dowman mentions in his preface this brilliant text of Dudjom Rinpoche Jigtral Yeshe Dorje 1904-1987 is cast in the mold where Dzogchen is inseparable from the Vajrayana of the Ngajur Nyingma tradition Here Dzogchen is bound up with Tibetan Buddhism which carries it and forms a basis for its practice As an introduction to the text Keith Dowman adds recollections of his interaction with his Guru as a preface to a eulogy contributed by Sogyal Rinpoche which adds immeasurably to the background of the text *Natural Great Perfection*

The Yeshe Lama Keith Dowman, 2014-11-22 Here is the great Yeshe Lama the most renowned comprehensive and the most efficacious of the Dzogchen manuals It is a sourcebook for Dzogchen Breakthrough Leapover precepts Certainly the Yeshe Lama lives up to its reputation It is still the crown jewel of the latter day Dzogchen lineages It is at the apex of the

Longchen Nyingtik corpus of literature presenting the essential Dzogchen yogas in pith instruction The Longchen Nyingtik is based firmly in Longchen Rabjampa's vision a massive vast and profound Dzogchen vision written down as the Seven Treasuries which in turn were based intimately upon the tantras of the Nyingma Gyubum the treasure house of Dzogchen The translation was made for the benefit of students who have received transmission and oral instructions from a teacher and need clarification and elucidation from an authoritative literary source It is meant for yogins and yoginis adepts and practitioners It may not be finally authoritative but grounded in the wisdom of the old Dzogchen lamas who were wise before they came out of Tibet as the fruit of a lifetime's listening studying and contemplation it may be of some use to people who are committed to the Dzogchen yogi ethos The urban yogis who have no connection with the traditional teaching may also appreciate access to its precepts Most significantly in my mind this translation stresses the nondual aspect of Dzogchen the radical aspect that is overlooked by conventional Buddhist Vajrayanists The translation attempts wherever possible to clarify instruction resolve ambiguities and turn abstruse Tibetan nuance and allusion into comprehensible English prose Sometimes that is not possible because of an absence of English equivalents of Tibetan terms or metaphors sometimes because of the density or obscurity of the Tibetan meaning sometimes because an arbitrary meaning has been lost in the recent attenuation of the tradition Certainly this translation does not purport to reproduce the high literary quality and form of Jigme Lingpa's Tibetan prose which is inimitable Nor is it a literal translation where every word is accounted for and every instance of a particular word translated by the same English equivalent Rigzin Jigme Lingpa the eighteenth century mystic scholar who composed the Longchen Nyingthig was an incarnation of Longchenpa in the most significant sense of the expression and his Longchen Nyingtik became the seed root and branch of a Dzogchen revival that reverberates around the entire world at the beginning of the twenty first century

Great Perfection Dzogchen Rinpoche, 2008-01-15 In the Nyingma School of Tibetan Buddhism the Great Perfection is considered the most profound and direct path to enlightenment The instructions of this tradition present a spiritual shortcut a radically direct approach that cuts through confusion and lays bare the mind's true nature of luminous purity For centuries these teachings have been taught and practiced in secret by some of the greatest adepts of the Buddhist tradition Great Perfection Outer and Inner Preliminaries contains detailed instructions on the foundational practices of this tradition from The Excellent Chariot a practice manual compiled by the Third Dzogchen Rinpoche Distilling the teachings of the Heart Essence of the Dakinis into an accessible easy to practice format The Excellent

Chariot leads the reader through the entire Buddhist path starting with basic Buddhist contemplations that work to dislodge deeply ingrained patterns of thinking and behaving and continuing on to the most advanced and secret meditative practices of the Great Perfection. The teachings in this volume are drawn largely from the writings of the great Nyingma master Longchenpa and the root texts of the Heart Essence of the Dakinis itself. The Third Dzogchen Rinpoche begins by discussing the correct way to study and practice the Great Perfection teachings before presenting an overview of the Great Perfection lineage and an explanation on the meaning and importance of empowerment. In the chapters that follow he presents practical instructions on the outer and inner preliminaries, the so-called ng ndro practices. These practices enable the practitioner to transform and purify the mind, preparing it for the advanced Great Perfection meditation of Trekchö and Tgal, the breakthrough and direct leap. In addition to the translation mentioned above, *Great Perfection: Outer and Inner Preliminaries* contains a beautiful introduction by the Dzogchen Ponlop Rinpoche, a contemporary Great Perfection master, and an extensive glossary of key Great Perfection terminology.

The Great Secret of Mind Tulku Pema Rigtsal, 2013-04-08. Dzogchen Great Perfection goes to the heart of our experience by investigating the relationship between mind and world and uncovering the great secret of mind's luminous nature. Weaving in personal stories and everyday examples, Pema Rigtsal leads the reader to see that all phenomena are the spontaneous display of mind, a magical illusion, and yet there is something shining in the midst of experience that is naturally pure and spacious. Not recognizing this natural great perfection is the root cause of suffering and self-centered clinging. After introducing us to this liberating view, Pema Rigtsal explains how it is stabilized and sustained in effortless meditation without modifying anything; whatever thoughts of happiness or sorrow arise simply dissolve by themselves into the spaciousness of pure presence. The book is divided into chapters on the view, meditation as the path, conduct, the attainment, and the four bardos. Each chapter consists of mini-sections that can be read as stand-alone Dharma talks. Pema Rigtsal has studied and lived with several authentic Dzogchen masters and has surprising stories to tell about their unconventional methods to introduce students to the subtle view of Dzogchen.

Radical Dzogchen: The Direct Way to En-Light-enment L. Ron Gardner, 2022-11. Dzogchen, the Great Perfection, a karmic Atiyoga, has since its inception been proclaimed by Tibetan gurus to be the pinnacle of all spiritual paths, the most direct way for a yogi to achieve Buddhahood. Therefore, given L. Ron Gardner's affinity for the highest yoga teachings, it's no surprise that he became smitten with the tradition after he encountered it in the late 1970s through the writings of the esteemed Namkhai Norbu. In the decades that followed, L. Ron read numerous Dzogchen texts by both modern and early Tibetan masters. As a burgeoning expert in mystical traditions who specialized in comparative spirituality, he wanted to understand and be able to explain Dzogchen in relation to other great spiritual traditions. And when some fifteen years ago he cracked the code of the En-Light-enment project, he knew it was just a matter of time until he applied his seminal insights to explicating the Great Perfection. Regarding Radical Dzogchen, L. Ron writes: "My goal as a mystic philosopher has always been and will always be the radical demystification of

spiritual life And I trust that those who resonate with my goal will appreciate the unique and ground breaking material in this book Wellsprings of the Great Perfection Erik Pema Kunsang,2012-11-27 Wellsprings of the Great Perfection presents the primary sources explaining how the Dzogchen teachings came into this world who received them and through whom they passed It is an impressive collection of original translations from a vast number of classical Tibetan documents including songs of realization by the early masters of the lineage The Dzogchen teachings of the Greatest Secret also known as the Great Perfection are the words of the compassionate Buddha and among the causal and resultant vehicles they are of the type that employ the fruition as the path Wellsprings of the Great Perfection describes the origin and gives both short and detailed historical accounts and teachings I see a profound importance in studying reflecting upon and practicing the authentic statements and explanations of the Dzogchen lineage masters especially for people who aspire to realize the Great Perfection the Through cut of primordial purity the view of Trekch I therefore request readers to keep these scriptures in the center of their hearts Chokyi Nyima Rinpoche author of Present Fresh Wakefulness The ultimate origin and absolute teachings of Dzogchen inscribed in this most sacred text and whispered by the greatest adepts of its lineage are finally available in this volume Every serious student Dzogchen must study and enshrine it in their heart Tulku Thondup author of The Healing Power of Mind *Approaching the Great Perfection* Sam Van Schaik,2004-06-15 From Wisdom s acclaimed Studies in Indian and Tibetan Buddhism series researcher and scholar Sam van Schaik introduces the Nyingma tradition of Tibetan Buddhism looking closely at its practice of Dzogchen and one of Dzogchen s seminal figures Jigme Lingpa to make an extensive analysis of a core tension within Buddhism does enlightenment develop gradually or does it come all at once

Steps to the Great Perfection Jigme Lingpa,2016-07-05 The mind training practices contained in the Dzogchen tradition of Tibetan Buddhism have never before been presented in the English language The main text translated here The Steps to Liberation will be of great interest to Western practitioners since its instructions are pithy and direct and experiential rather than scholarly The contemplations on core Buddhist principles like impermanence and karma intended for beginning meditators unfold as dramatic stories in which the meditator is to vividly imagine himself or herself as the main character who undergoes a sequence of experiences that result in transformative realizations They distill the most essential teachings of the Buddha into a practical system that can be easily implemented in a daily meditation practice At the same time they bring together the most foundational Buddhist teachings with the profound methods of the Vajrayana the esoteric teachings of Buddhist tantra This is the hallmark of Dzogchen mind training and what sets it apart from other mind training lineages
