Civil Airliner Flight Guidance Technology for Four-Dimensional Trajectory-Based Operation Guangwen Li, Shaobo Zhai, Qiuling Jia, 2024-09-16 This book focuses on achieving precision guidance and timely arrival in flight. The content comprehensively describes the civil aircraft flight guidance technology for four-dimensional trajectory-based operation. The main content of this book is the summary of the author's team's research work on flight management systems and flight guidance technology over the past decade, including flight plan analysis and transition path construction, four-dimensional trajectory planning and re-planning, high-precision flight guidance commands calculation, FMS landing system, etc. The theoretical methods described in the book have been verified by pre-research and practical engineering projects, which are of great theoretical significance and engineering application value. This book is used as a reference for engineers engaged in flight control, flight guidance, and flight management research, as well as Masters and Ph.D.s in related disciplines.

Navigating the Fourth Dimension Linda Stein-Luthke, Martin F. Luthke, 2013-02 From the back cover of the book: For thousands of years, human consciousness has been mired in the muck of fear, confusion, and suffering. However, the patterns of the past no longer apply. At last, Mother Earth and all who reside upon her have set out on an unprecedented trajectory toward awakening. Each one of us can now choose to live in a new paradigm: the fourth dimension. We define the fourth dimension as a higher vibrational state of being that is characterized by trust, empowerment, abundance, peace, balance, and harmony. It is based on the realization that we are beings of Light who carry formidable power as co-creators of our universe. Living in the fourth dimension requires a conscious shift from relying on the fear-based ego mind to trusting the heart-centered guidance of our Higher Selves. The Ascended Masters discuss how to let go of our history, how to heal anger, fear, and pain, and how to develop a personal knowing of our Light. You too can take the next step toward creating Heaven on Earth. This book tells you how. In addition to a channeled discourse from the Ascended Masters St. Germain and El Morya Khan, this book contains reprints of the first ten issues of the Ascended Masters Newsletter published by the authors.

CONTENTS Foreword About the Authors The Past No Longer Applies Fear is the Obstacle You Are in the Center of Your Universe Discussing the Mindset for Change How You Co-Create Your Universe The Earth is Awakening with You Believe Trust and Expect What is Possible Understand That the Light Empowers You to Change Your Universe Sit and Be Still as Frequently as Possible and Surrender to Your Light Allow the Light to Heal your Fear and Anger Allow the Light to Guide You in Every Moment and in Everything You Do Let Go of Judgment of Self and Others in All Things Let Go of Trying to Change the World Around You Open to a New Way of Being and Thus Change the Universe in Which You Reside The One Percent Solution
