Nazi Germany, Canadian Responses L. Ruth Klein, 2012-05-23 Exploring the nature of Canada's response to the plight of European Jews seeking refuge and to anti Jewish discrimination in Canada *A History of Antisemitism in Canada* Ira Robinson, 2015-10-16 This state of the art account gives readers the tools to understand why antisemitism is such a controversial subject It acquaints readers with the ambiguities inherent in the historical relationship between Jews and Christians and shows these ambiguities in play in the unfolding relationship between Jews and Canadians of other religions and ethnicities It examines present relationships in light of history and considers particularly the influence of antisemitism on the social religious and political history of the Canadian Jewish community A History of Antisemitism in Canada builds on the foundation of numerous studies on antisemitism in general and on antisemitism in Canada in particular as well as on the growing body of scholarship in Canadian Jewish studies It attempts to understand the impact of antisemitism on Canada as a whole and is the first comprehensive account of antisemitism and its effect on the Jewish community of Canada The book will be valuable to students and scholars not only of Canadian Jewish studies and Canadian ethnic studies but of Canadian history

Jewish Imaginaries of the Spanish Civil War Cynthia Gabbay, 2022-09-08 Jewish Imaginaries of the Spanish Civil War inaugurates a new field of research in literary and Jewish studies at the intersection of Jewish history and the internationalist cultural phenomenon emerging from the Spanish Civil War 1936 1939 the Republican exile and the Shoah With the Spanish Civil War as a point of departure this volume proposes a definition of Jewish textualities based on the entanglement of multiple poetic modes Through the examination of a variety of narrative fiction and non fiction memoir poetry epistles journalism and music in Yiddish Spanish French German and English these essays unveil non canonic authors across the West and explore these works in the context of antisemitism orientalism and philo Sephardism among other cultural phenomena Jewish writings from the war have much to tell about the encounter between old traditions and new experimentations framed by urgency migration and messianic hope They offer perspectives on memorial and post memorial literatures triggered by transhistorical imagination and many were written against the grain of canonic literature where subtle forms of dissidence manifested through language structure sound and thought sought to tune with the anti fascist fight This book revindicates the polyglossia of Jewish cultures and literatures in the context of genocide and epistemicide and proposes to remember the cultural phenomena produced by the Spanish Civil War demanding a new understanding of the cosmopolitan imaginaries in Jewish literature Kingdom of Night Mark Celinscak, 2022-01-28 Kingdom of Night tells the stories of Canadians in their own voices during the liberation of the Bergen Belsen concentration camp *Tackling Hate* Scott Reid, Mario Silva, 2014 Tackling Hate is a volume of essays testimony and documents drawn from the work of the Canadian Parliamentary Coalition to Combat Anti semitism CPCCA Many of the leading experts and scholars in the field from around the world appeared before the Committee and have contributed to this volume including Professor Robert S Wistrich

Abella,Harold Martin Troper,2023 Today we think of Canada as a compassionate open country to which refugees from other countries have always been welcome However between the years 1933 and 1948 when the Jews of Europe were looking for a place of refuge from Nazi persecution Canada refused to offer aid let alone sanctuary to those in fear for their lives Rigorously documented and brilliantly researched None Is Too Many tells the story of Canada s response to the plight of European Jews during the Nazi era and its immediate aftermath exploring why and how Canada turned its back and hardened its heart against the entry of Jewish refugees Recounting a shameful period in Canadian history Irving Abella and Harold Troper trace the origins and results of Canadian immigration policies towards Jews and conclusively demonstrate that the forces against admitting them were pervasive and rooted in antisemitism First published in 1983 None Is Too Many has become one of the most significant books ever published in Canada This fortieth anniversary edition celebrates the book s ongoing impact on public discourse generating debate on ethics and morality in government the workings of Canadian immigration and refugee policy the responsibility of bystanders righting historical wrongs and the historian as witness Above all the reader is asked What kind of Canada do we want to be This new anniversary edition features a foreword by Richard Menkis on the impact the book made when it was first published and an afterword by David Koffman explaining why the book remains critical today *Confronting Hitler's Legacy* Norman Erwin,University of Waterloo. Department of History,2014 This dissertation examines Canadian Jewish thought from the Nazi period through to the immediate postwar era regarding the Nazis persecution and murder of European Jewry It challenges the widely accepted position that Canadian Jews were indifferent to the Holocaust until the Six Day War of 1967 when survivors of Hitler s extermination program pushed the Holocaust onto the Canadian Jewish community s agenda in order to counter the threat of rising antisemitism The evidence produced here demonstrates that Canadian Jews wartime experience of learning about the systematic slaughter of their brethren in Europe and of witnessing the democratic world s unrelenting indifference to the plight of Jewish refugees ensured that the Holocaust was a central component of Jewish life in Canada in the immediate postwar era Rather than the Cold War climate compelling Canadian Jews to suppress their memories of the Holocaust as is commonly argued this thesis shows that ongoing concerns over the security of Jews the ineffectiveness of the

UN and the rise of antisemitism in Europe and the Middle East propelled Canadian Jews to raise the spectre of the Holocaust. They organized desperate campaigns to create international safeguards for minority groups and worked to strengthen Israel diplomatically and militarily in order to counter future threats of genocide from a position of strength. While the Holocaust remained a central feature of Jewish life throughout the 1940s and 1950s, Holocaust memory proved to be a divisive force amongst Canadian Jews since they often interpreted the Holocaust along ideological lines. The established liberal sector of the Canadian Jewish community bemoaned the ineffectualness of international law and adopted increasingly realist positions to counter the threat of Soviet and Arab antisemitism. The communist wing of the Canadian Jewish community was less inclined to trust liberal democracies to safeguard Jewish rights especially during the German rearmament debate of the early 1950s. However, with growing evidence that showed that antisemitism was motivating the Soviet Union to collude with the Arabs to destroy Israel, most Canadian Jews became disenchanted by communism. Therefore, this dissertation alters the perception of the postwar Canadian Jewish community from one in which they were focused squarely on domestic issues such as social mobility and fighting discrimination to one in which memory of the Holocaust kept Canadian Jews focused on the tribulations facing Jews around the world.
