Anglophone Question Postcolonial Hegemony in Cameroon The Past that Did Not Pass is a comprehensive collection of essays and analyses that explore the historical colonial postcolonial legal and international relations aspects of the politico cultural and linguistic crisis between the English speaking former British Southern Cameroons now divided into the Northwest and Southwest regions and the French speaking majority of the former French Cameroon la R publique du Cameroun This conflict has shaken Cameroon to its core since the 1990s and led to an armed conflict between the government of Cameroon and Anglophone non state armed groups The premise of this book is that the Anglophone Question the problematic situation of the muted English and Pidgin speaking minority in French Cameroon is one of the unfinished items of business of World War I and the Treaty of Versailles of 1919 that resolved the conflicts of that great conflict The Anglophone conflict has been exacerbated by the authoritarian republican chieftaincy that was installed in Cameroon after independence and reunification This neo patrimonial kleptocratic regime of Cameroon has with the support of its international partners emphasized the argument of force rather than the force of argument thereby creating yet another frozen African conflict **Nationalism, Referendums and Democracy** Matt Qvortrup, 2016-04-08 Democracy is above all about majority rule But which majority should rule if a part of a country wants to secede and become independent Should the majority of the whole country decide Or only the majority in the part that seeks to become independent be allowed to vote Referendums and democracy have often been perceived to be almost incompatible with nationalism and ethnicity Are there limits to democracy and the use of referendums This book looks at these issues through a comprehensive study of the referendums held on ethnic and nationalist issues since the French Revolution It analyses the pros and cons of referendums and presents a nuanced and up to

date tour d horizon of the academic and scholarly writings on the subject by experts in international law comparative politics and international law This book was published as a special issue of Nationalism and Ethnic Politics **Historical**

Dictionary of the Republic of Cameroon Mark Dike DeLancey, Mark W. Delancey, Rebecca Neh Mbuh, 2019-06-15

Cameroon is a land of much promise but a land of unfulfilled promises It has the potential to be an economically developed and democratic society but the struggle to live up to its potential has not gone well Since independence there have been only two presidents of Cameroon the current one has been in office since 1982 Endowed with a variety of climates and agricultural environments numerous minerals and substantial forests and a dynamic population this is a country that should be a leader of Africa Instead we find a country almost paralyzed by corruption and poor management a country with a low life expectancy and serious health problems and a country from which the most talented and highly educated members of the population are emigrating in large numbers To all of this is recently added a serious terrorism problem Boko Haram in the north a separatist movement in the Anglophone west refugee influxes in the north and east and bandits from the Central African Republic attacking eastern villages This fifth edition of Historical Dictionary of the Republic of Cameroon contains a chronology an introduction and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about the Republic of Cameroon **Ndeh Ntumazah** Ndeh Ntumazah, 2001

The Reunification Debate in British Southern Cameroons Joseph Nfi Lon, 2024-11-29 This book is a succinct account of the role immigrants from French Cameroon played in the Reunification politics in the Southern Cameroons The study reveals that these strangers organised themselves in Pressure Groups in order to fight for equal opportunities with the indigenes and when such opportunities were not coming they initiated the Reunification Idea propagated it and converted many reluctant Southern Cameroonians They militated in pro reunification political parties such as the KNC KNDP UPC and OK and successfully shifted the reunification idea from the periphery to the centre of Southern Cameroons decolonisation politics The immigrants convinced the UN through petitions and reunification which was the most unpopular option for independence became one of the two alternatives at the 1961 plebiscite They and the reluctant KNDP campaigned and voted for it The Reunification of Cameroon was therefore the handiwork of French Cameroon immigrants **God the Politician**

Peterkins Manyong, 2008-05-15 God the Politician is a compelling analytical critical informed and largely eyewitness account of the major events that have taken place in Cameroon since the return of multiparty politics in the 1990s The accession of Paul Biya to power under the one party regime in 1982 and the attempt to overthrow him in a coup d tat in 1984 are told in flashback so are the excesses of power without responsibility that have come to be associated with over 25 years of Biya as President Most of the story is centred on the struggle by the opposition led by the Social Democratic Front SDF to overthrow the incumbent In his determination to crush opposition President Biya and his collaborators have sometimes used intrigue

but mostly force and callous indifference to basic human rights and to democracy Bloodshed has often been the result of the regime's titanic struggles against freedoms President Paul Biya is not in a hurry to go and so instead of democratizing Cameroon he has chosen to Cameroonize democracy turning electoral fraud into an art Because of massive fraud during elections and the inability of the opposition to unite political party leaders have decided to join him who they cannot beat The book is an x ray of a regime and the Frankenstein monsters it has created and sustained to thwart democracy It exposes the corruption electoral fraud human rights abuse and cynicism that make politicians believe they can play God in the lives of Cameroonians

Pan-Africanism: Political Philosophy and Socio-Economic Anthropology for African Liberation and Governance Kini-Yen Kinni, 2015-09-23 This Book is the outcome of a long project begun thirty years ago It is a book on the makings of pan Africanism through the predicaments of being black in a world dominated by being white The book is a tribute and celebration of the efforts of the African American and African Caribbean Diaspora who took the initiative and the audacity to fight and liberate themselves from the shackles of slavery It is also a celebration of those Africans who in their own way carried the torch of inspiration and resilience to save and reconstruct the Free Humanism of Africa As a story of the rise from the shackles of slavery and poverty to the summit of Victors of their Renaissance Identity and Self Determination as a People the book is the story of African refusal to celebrate victimhood The book also situates women as central actors in the Pan African project which is often presented as an exclusively masculine endeavour It introduces a balanced gender approach and diagnosis of the Women actors of Pan Africanism which was very much lacking The problem of balkanisation of Africa on post colonial affiliations and colonial linguistic lines has taken its toll on Africa's building of its common identity and personality The result is that Africans are more remote to each other in their pigeon hole nation states which put more restrictions for African inter mobility coupled by education and cultural affiliations the communication and transportation and trading networks which are still tied more to their colonial masters than among themselves This book looks into the problem of the new wave of Pan Africanism and what strategies that can be proposed for a more participatory Pan Africanism inspired by the everyday realities of African masses at home and in the diaspora This book is the first book of its kind that gives a comprehensive and multidimensional coverage of Pan Africanism It is a very timely and vital compendium
