Ndf Recruit Names 2014:

Turkey, Russia and Iran in the Middle East Bayram Balci, Nicolas Monceau, 2021-09-14 This book explores the complexity of the Syrian question and its effects on the foreign policies of Russia Iran and Turkey The Syrian crisis has had a major effect on the regional order in the Middle East Syria has become a territory where the rivalry between Russia and Western powers is being played out and with the West s gradual withdrawal the conflict will without a doubt have lasting effects locally and on the international order This collection focuses on the effects of the Syrian crisis on the new governance of the Middle East region by three political regimes Russia Iran and Turkey Many articles and a number of books have been written on this conflict which has lasted over ten years but no publication has examined simultaneously and comparatively how these three states are participating in the shared management of the Syrian conflict **Armed Groups and**

International Legitimacy William Plowright, 2021-02-23 This book analyses the issue of child soldiers in order to understand how armed groups engage with international organizations to gain international legitimacy The work examines why some armed groups follow the rules of international humanitarian law and others do not It argues that armed groups in conflicts around the world engage with international organizations in order to gain international legitimacy and to show they are following the laws of war By examining the issue of child soldiers in contemporary armed conflict the volume establishes a typology of which groups will engage with international actors and follow the laws of war and which will not The main aim of the book is to understand the rationality of even the most violent of actors and to understand when and how armed groups can be encouraged to follow the laws of war The work draws from extensive primary research conducted among armed groups in Syria and Myanmar including al Qaeda the Islamic State and the many small ethnic insurgent groups of Myanmar This book will be of much interest to students of war and conflict studies security studies international humanitarian law and International Relations *The Syrian Refugee Crisis* Danilo Mandić, 2022-10-21 The Syrian war the 21st century s most

protracted and second deadliest conflict has driven 5 6 million refugees and 6 6 million internally displaced into flight As the civil war draws to a close an autopsy of this historic and unprecedented refugee episode becomes feasible Why did the war generate so many refugees How did so many of them get to Europe Who are these people and why did they leave From whom were they fleeing and why Did European policymakers alleviate or aggravate the refugee crisis The Syrian Refugee Crisis argues that Syrian forced migration has been deeply misunderstood Against conventional wisdom it suggests that refugees engaged smugglers not just as traffickers or criminal exploiters but as natural allies and means to affirm asylum rights that the politicization of refugees according to major actors foreign policy priorities obfuscated the role of US and European foreign policy in generating massive displacement and that restrictionist border policies on the Balkan Route were inhumane incoherent and counter productive Relying on extensive rare fieldwork data from five countries comprising the Balkan Route Jordan Turkey Greece Serbia and Germany this book sheds light on the understudied counter intuitive and often

misunderstood dynamics of forced migration refugee agency border restrictionism anti smuggling policy and migrant decision making in the 21st century **Indian Muslims and Citizenship** Julten Abdelhalim, 2015-10-05 Through the creation of post colonial citizenship India adopted a hybridisation of specific secular and western conception of citizenship In this democratic framework Indian Muslims are observed on how they make use of the spaces and channels to accommodate their Islamic identity within a secular one This book analyses how the socio political context shapes citizens perceptions of multiple variables such as their sense of political efficacy agency conception of citizenship rights and belief in democracy Based on extensive surveys and interviews and through presenting and investigating the various meanings of jih d the author explores the usage of non Eurocentric conceptual approaches to the study of postcolonial and Muslim societies in particular the meaning it carries in the psyche of the Muslim community She argues that through means of argumentative and spiritual jih d Indian Muslims fight their battle towards a realisation of citizenship ideals despite the unfavourable conditions of intra and inter community conflicts Presenting new examinations of Islamic identity and citizenship in contemporary India this book will be a useful contribution to the study of South Asian Studies Religion Islam and Race and Ethnicity The Unforgotten Women of the Islamic State Gina Vale, 2024-09-11 The Unforgotten Women of the Islamic State explores the governance of the Islamic State IS terrorist organization through the lives and words of local Iraqi Syrian and Kurdish women While the roles and activities of foreign predominantly Western pro IS women have garnered significant attention the experiences and insights of local civilian populations have been largely overlooked Drawing on the testimonies of 63 local Sunni Muslim and Yazidi women Gina Vale exposes the group s intra gender stratified system of governance Eligibility for the group s protection security citizenship and entrance into the semi public sphere were not universal but required convergence with the gender norms of IS through permanent erasure or at least temporary disguise of certain markers of difference In some cases this was directed by a pre meditated divide and conquer strategy while in others it manifested as unregulated violences at the hands of individual group members including women The structure follows the trajectory of IS s increasing control over its citizens and captive populations its militarization of society imposition of law and order provision of goods and services and intervention in civilians private lives Analysis of diverse first hand accounts and the group s documentation reveals that the presence exclusion and victimization of local civilian women were necessary to the functioning and legitimization of IS s caliphate project and the supremacy of affiliated men and women As a fledgling proto state IS needed local Iraqi Syrian and Kurdish women Though far from represented or protected they were by no means forgotten

Commercially important sea cucumbers of the world Purcell, S.W., Lovatelli, A., Gonzalez Wanguemert, M., Solis Marin, F. A., Samyn, Y., Conand, C., 2023-06-09 Sea cucumbers are harvested and traded in more than 90 countries worldwide They are exploited in industrial and small scale fisheries nearly from pole to pole especially in the tropics In some fisheries more than 20 species are exploited by fishers Fishers in general know how to distinguish the species they harvest often identifying them

with local names For fishery officers and even biologists recognizing sea cucumber species remains daunting however as they are confronted only with the final product b che de mer or trepang which is the processed cooked and dried product This field guide offers a tool for fishery managers scientists trade officers and industry workers to recognize live and processed cooked and dried animals This animal resource is mainly exported to Asian markets where it is sold mainly but not exclusively as a luxury food item This book provides identification information on 84 species of sea cucumbers that are commonly or opportunistically as bycatch exploited around the world The list is certainly not all encompassing as some other sea cucumber species are also exploited More scientific data and accounts are needed for species from some regions such as the Eastern Atlantic Ocean The accounts are based on more than 270 reports and research articles and on comments and reviews by taxonomists and field workers Two page identification sheets provide selected information to enable similar species to be distinguished from each other both in the live and processed dried forms Where available the following information for each species has been included scientific and known common names used in different countries and regions scientific illustrations of the body and ossicles descriptions of ossicles present in different body parts a colour photograph of live and dried specimens basic information on size habitat biology fisheries human consumption market value and trade geographic distribution maps The volume is fully indexed and contains an introduction a glossary simplified dichotomous keys to live animals and dried products and a dedicated bibliography Readers are encouraged to base their identifications on a combination of morphological features samples of ossicles from different body parts and information on what habitat and locality the species was found
