↑ **Beginning Amazon Web Services with Node.js** Adam Shackelford,2015-03-16 Beginning Amazon Web Services with Node js teaches any novice Node js developer to configure deploy and maintain scalable small to large scale Node js applications in Amazon Web Services Hosting a Node js application in a production environment usually means turning to PaaS hosting but this approach brings problems Deploying Node js directly to AWS solves the problems you

encounter in these situations enabling you to cut out the middle man You will begin with a basic RESTful web service in Node js using the popular Express js framework pre built and ready to run in your local environment You will be introduced to the most powerful tools in AWS and learn how to configure your project to take advantage of them You will be guided through the steps of getting the various key components to work together on AWS Through code samples using the AWS JavaScript SDK and tutorials in the AWS console you will gain the knowledge to incorporate secure user authentication server auto scaling a load balancer CDN customized caching behavior and outage monitoring Node js is single threaded and designed to run high input high output applications making it ideal for the cloud environment If your main task is handling a high volume of requests over HTTP the web it will scale very well in proportion to the computing power you allocate to it Amazon Web Services offers a broad set of services that help organizations move faster lower costs and scale applications Trusted by the largest enterprises and start ups alike AWS powers a wide variety of workloads across a broad spectrum If leveraged properly you can build a Node js app on AWS which can automatically power itself up to handle a massive volume of traffic and then scale back down to a lighter configuration when user demand has dropped Amazon Web Services offers a broad set of services that help organizations move faster lower costs and scale applications Get started with Node js and AWS using this book today

Amazon Affiliate Profits Adidas Wilson, An Amazon affiliate business has to sound like the best idea in the world to anyone serious about making a living from online sources and we dare to say that perhaps it sounds too good to be true in most cases You will find lots of people that have become successful amazon affiliates and are making five and six figures salaries from their affiliate websites alone and they have good reasons to be hyped about the U turn that their lives made thanks to the amazon associates program And maybe that is why many people think that really an amazon affiliate business is too good to be true What those people do not realize is that building an amazon empire the right way can be a monumental task at first especially if you are not tech savvy But it pays off very well in the end and in this chapter we are going to show the elements that have allowed many people to leave their day jobs by building successful amazon affiliate businesses
