American Indian Politics and the American Political System David E. Wilkins, Heidi Kiiwetinepinesiik Stark, 2017-04-13 *American Indian Politics and the American Political System* is the most comprehensive text written from a political science perspective It analyzes the structures and functions of indigenous

governments including Alaskan Native communities and Hawaiian Natives and the distinctive legal and political rights these nations exercise internally It also examines the fascinating intergovernmental relationship that exists between native nations the states and the federal government In the fourth edition Wilkins and Stark analyze the challenges facing Indigenous nations as they develop new and innovative strategies to defend and demand recognition of their national character and rights They also seeks to address issues that continue to plague many nations such as notions of belonging and citizenship implementation of governing structures and processes attentive to Indigenous political and legal traditions and the promotion and enactment of sustainable practices that support our interdependence in an increasingly globalized world

Colonial Lives of Property Brenna Bhandar,2018-05-03 In *Colonial Lives of Property* Brenna Bhandar examines how modern property law contributes to the formation of racial subjects in settler colonies and to the development of racial capitalism Examining both historical cases and ongoing processes of settler colonialism in Canada Australia and Israel and Palestine Bhandar shows how the colonial appropriation of indigenous lands depends upon ideologies of European racial superiority as well as upon legal narratives that equate civilized life with English concepts of property In this way property law legitimates and rationalizes settler colonial practices while it racializes those deemed unfit to own property The solution to these enduring racial and economic inequities Bhandar demonstrates requires developing a new political imaginary of property in which freedom is connected to shared practices of use and community rather than individual possession

Biopolitics, Geopolitics, Life René Dietrich,Kerstin Knopf,2023-03-10 The contributors to *Biopolitics Geopolitics Life* investigate biopolitics and geopolitics as two distinct yet entangled techniques of settler colonial states across the globe from the Americas and Hawai i to Australia and Aotearoa New Zealand Drawing on literary and cultural studies social sciences political theory visual culture and film studies they show how biopolitics and geopolitics produce norms of social life and land use that delegitimize and target Indigenous bodies lives lands and political formations Among other topics the contributors explore the representations of sexual violence against Native women in literature Indigenous critiques of the carceral state in North America Indigenous elders refusal of dominant formulations of aging the governance of Indigenous peoples in Guyana the displacement of Guaran in Brazil and the 2016 rule to formally acknowledge a government to government relationship between the US federal government and the Native Hawaiian community Throughout the contributors contend that Indigenous life and practices cannot be contained and defined by the racialization and dispossession of settler colonialism thereby pointing to the transformative potential of an Indigenous centered decolonization Contributors Ren Dietrich Jacqueline Fear Segal Mishuana Goeman Alyosha Goldstein Sandy Grande Michael R Griffiths Shona N Jackson Kerstin Knopf Sabine N Meyer Robert Nichols Mark Rifkin David Uahikeaikalei ohu Maile The Western Historical Quarterly ,2012

Culture et modernité dans l'outre-mer français Aurélie Bayen-Poisson,Arnaud De Raulin,Arnaud Haquet,2021-06-22 La diversité culturelle doit elle devenir le passage obligé vers la mondialisation L'intérêt de cet ouvrage collectif est de s'interroger

sur les défis posés par les effets de la mondialisation en particulier dans les sociétés ultramarines d'aujourd'hui. La richesse de la transmission culturelle des Outre-mer français tient en effet un partage des cultures mais aussi cette universalité qui les fait se rejoindre malgré l'éloignement et le morcellement de ces territoires pour la plupart insulaires. Face à la mondialisation, comment garantir aux sociétés ultramarines que leur développement puisse continuer à promouvoir la diversité de leur identité culturelle au sein de l'espace français ? Les auteurs anthropologues, linguistes, juristes et sociologues tentent de répondre à ces questions dans une série d'articles ouvrant le champ des débats sur l'avenir des Outre-mer.
