Historical writings on Our Lady of Guadalupe the most revered sacred figure indigenous to the western hemisphere have tended to focus on the sixteenth century origins of her cult But recent publications have increasingly extended Guadalupean studies beyond the origin debates to analyses of the subsequent evolution and immense influence of the Guadalupe tradition New Frontiers in Guadalupean Studies significantly enhances this growing body of literature with insightful essays on topics that span the early stages of Guadalupean devotion to the milestone of Pope Benedict XIV establishing an official liturgical feast for Guadalupe in 1754 The volume also breaks new ground in theological analyses of Guadalupe which comprise an ongoing effort to articulate a Christian response to one of the most momentous events of Christianity s second millennium the conquest evangelization and struggles for life dignity and self determination of the peoples of the Americas
