(Re)Constructing Memory: Textbooks, Identity, Nation, and State James H. Williams, Wendy D. Bokhorst-Heng, 2016-07-08 This book engages readers in thirteen conversations presented by authors from around the world regarding the role that textbooks play in helping readers imagine membership in the nation. Authors' voices come from a variety of contexts: some historical, some contemporary, some providing analyses over time. But they all consider the changing portrayal of diversity, belonging, and exclusion in multiethnic and diverse societies where silenced, invisible, marginalized members have struggled to make their voices heard and to have their identities incorporated into the national narrative. The authors discuss portrayals of past exclusions around religion, ethnicity, sexual orientation as they look at the shifting boundaries of insider and outsider. This book is thus about who we are, not only demographically but also in terms of the past, especially how and whether we teach discredited pasts through textbooks. The concluding chapters provide ways forward in thinking about what can be done to promote curricula that are more inclusive, critical, and positively bonding in increasingly larger and more inclusive contexts. **CTET Central Teacher Eligibility Test Paper-II (Class: 6-8) Social Studies/Social Science 15 Practice Sets 2022** Bhaskar Verma, 2022-04-05 Prepare for success in the Central Teacher Eligibility Test (CTET) with CTET Paper II Class 6-8 Social Studies Social Science 15 Practice Sets 2022 by Bhaskar Verma, a comprehensive resource designed to help aspiring educators master the content and format of the exam.
