I Own This Town Gerry Flahive, 2022-05-17 It's always 1973 in Bert Xanadu's Toronto. As its longest serving and longest suffering mayor he presides over a city as fantastical as a drip dry shirt and a cinema the Imperial Six as glamorous and subdivided as Ethel Merman's last will and testament. He does it with panache, impatience and dyspepsia but who's counting. From the thousands of scintillatingly coherent pronouncements he has made these are truly the most available. MOVIE MAYOR makes me genuinely laugh out loud. Actor and Comedian Brent Butt Bert Xanadu is to Toronto what Dame Edna is to snobbery a satire more accurate than the real thing. Giller Award Winning Novelist Poet Michael Redhill As if Groucho Marx had a Twitter feed Bert Xanadu is reckless, imaginative, unpredictable. An immensely gifted creation. Anthropologist Author Grant McCracken In I OWN THIS TOWN THE MAYOR BERT XANADU XANTHOLOGY Mayor Xanadu Toronto's foremost movie showman and sole mayor presents a sexily official selection from the thousands of municipal missives he issued to his citizens in 1973 through his state of the art Telex machine the Thought Lathe the year some call his most triumphantly expressive and non linear. From the preface by TV Star of Note and Former Voice of Doom Lorne Greene through such chapters as That's A Lovely Rotunda You Have There and Does Toronto Exist And If So Why you'll find the reasons why some are saying it's as if Groucho Marx had a Twitter feed And so on and so forth. The slim volume which reminds one of Bert's own slimness circa 1933 also includes several readable essays and typewritten thoughts from the Dominion's own Burgermeister of Buttered Popcorn i.e. Bert on such serious topics as imperceptible transit delays the Simcoe St Goatworks product endorsements streetcar fumigation schedules steamship arrivals of Hollywood stars like Morey Amsterdam and Shelly Winters zeppelin sightings nude projectionists lawsuits City Hall laughing gas leaks and just what Raymond Burr is doing in town this week anyway all the things that make Toronto one of the most recent of world class cities. Dash Panache Class Sass Pulchritude Cravat Mere words but when applied to Bert Xanadu they exhibit all their meanings dictionaries be damned. In Bert's short bursts of enthusiasm and slightly longer rage filled exhortations one can see the inner man and the city he wears like a heavily starched tuxedo. We may be the cummerbund but what a view. Movie Mayor.

Doctorinternet Chadd Everone, 2001 Doctor Internet is an essential reference for any person who wants to be more actively involved in his or her own medical care. Millions of people both patients and professionals are beginning to use the Internet for researching health and medicine. **Welcome to Wally World** Stephen Newman, C. Newman, 2008-04 Welcome to Wally World is a journal of one man's two years in retail management at Wal-Mart Stores Inc. The journal chronicles his personal experiences working with the mega retailer and exposes the good, bad and sometimes the ugly side of the retail business giant in a humorous and whimsical way. There is no book like this that gives you a detailed look into the day to day operations at such a grassroots level. If you loved the outrageous and situational comedy of Laura Weisberger's *The Devil Wears Prada* with the heart felt realism of Barbara Ehrenreich's *Nickel and Dimed* you'll love *Welcome to Wally World*.

Written in a journal format each day tells a different story with familiar themes While each day ends another adventure always seems to be just around the corner Each story stands on its own as a mixture of humor anecdotes and some seriousness Readers will laugh at the hilarious and sometimes insane behind the scenes antics If shoppers only knew the story behind the scenes and now they do Welcome to Wally World represents a real grassroots effort to capture experiences emotions and goings on inside the world s largest retailer A number of books may have been written from the corporate perspective but this work focuses on the people behind the power those hardworking clerks and managers who actually move the products and stock the shelves to achieve those sales and gross profits Having spent nearly two years involved with the detailed experiences depicted in the book I feel uniquely qualified to bring these stories and anecdotes to the public eye Mixed with humor seriousness and irony Welcome to Wally World is a personal journey of my professional life with the company The take away from my experiences with Wal mart led me to the writing style you ll find in the book No personal names are used What is important is that these events portrayed would happen regardless of the individuals involved The implication is that people are simply cogs in the corporate machine Each day via diary format illustrates my belief that the journey was like a series of crazy wild and unpredictable movies or sub journeys all rolled into one brief career Each day at work stood on its own

Playframes Celia Pearce, 2024-12-17 An exploration of how we know we re playing and what happens when we don t Playframes builds on the work of Gregory Bateson and Erving Goffman to take a deep dive into Bateson s primary question How do we know we re playing In this book Celia Pearce addresses this question by building a comprehensive theory of the specific mechanisms that metacommunicate the message this is play This big tent approach covers a broad swath of playframes ranging from theme parks to cosplay board and video games and sports and describes how spatial and temporal frames as well as artifacts such as costumes and uniforms toys and sports equipment let us know when a play activity is underway Pearce teases out distinctions between ritual and play activities including social practices in which they merge or are indistinguishable as well as incidents of frame breach or misalignment where participants perception of what is going on diverges These principles are illustrated with a series of four topical studies that explore various scenarios in which play and non play contexts are juxtaposed or blurred These span from delightful fan convention cosplay and simulated and virtual weddings to confusing virtual currency and bitcoin to dangerous Building on recent research the book culminates with an in depth analysis of the gaming roots of the January 6 Capitol insurrection and argues that playframe breach and deliberate misalignment were the major contributing factors
