Teaching Writing Tessa Daffern,Noella M Mackenzie,2020-07-25 In the 21st century writing is more important than at any other time in human history Yet much of the emphasis in schooling has been on reading and after the early years writing skills have been given less attention Internationally too many children are leaving school without the writing skills they need to succeed in life The evidence indicates that students rarely develop proficiency as writers without effective teacher instruction Teaching Writing offers a comprehensive approach for the middle years of schooling when the groundwork should be laid for the demanding writing tasks of senior school and the workplace

Teaching Writing outlines evidence based principles of writing instruction for upper primary students and young adolescents. It presents strategies that are ready for adoption or adaptation and exemplars to assist with designing and implementing writing lessons across the middle years of school. It addresses writing from a multimodal perspective while also highlighting the importance of teaching linguistic aspects of text design such as sentence structure vocabulary and spelling as foundations for meaning making. Contributors argue that students need to continue to develop their skills in both handwriting and keyboarding. Examples of the teaching of writing across disciplines are presented through a range of vignettes. Strategies for assessing student writing and for supporting students with diverse needs are also explored. With contributions from leading literacy educators Teaching Writing is an invaluable resource for primary secondary and pre service teachers.

Teaching Reading Douglas Fisher, Nancy Frey, Diane Lapp, 2022-08-29. The comprehensive guide you can trust for evidence based reading practices. It's settled science: developing skilled readers can enhance students' lives. That's why renowned educators Douglas Fisher, Nancy Frey, and Diane Lapp wrote this resource with the urgency of a code blue in an ER because too many children for many reasons struggle with learning to become strong readers. Designed to be a one stop shop for best practices Teaching Reading is concise encyclopedic and essential. Thirteen interactive modules provide easy to read ideas to support you teaching every child to read very well. You will learn how to focus on two critical aspects of reading: word recognition and language comprehension. Select the best activities to support students in grades K-6 to learn letters and sound relationships. Provide developing readers with the most effective oral written and reading experiences. Recharge your confidence and craft with uplifting new research findings from neuroscience cognitive science and child development. Clear up confusions about phonics progressions reading fluency morphology text selection grammar and more. Develop background knowledge vocabulary and comprehension instruction. Be up to date on how to help students attain deeper levels of comprehension by applying Theory of Mind and other cutting edge ideas. Reading is a thrilling but complex process. It involves a heady mix of skills: schema self concept and social dimensions. To give all students the chance to reap its rewards we need a go big kind of resource. This is it.
