trying to watch a DVD purchased during a vacation abroad play an imported Japanese video game or listen to a Spotify library while traveling we are constantly reminded of geography's imprint on digital culture. We are locked out. Despite utopian hopes of a borderless digital society, DVDs, video games, and streaming platforms include digital rights management mechanisms that block media access within certain territories. These technologies of regional lockout are meant first and foremost to keep the entertainment industries' global markets distinct. But they also frustrate consumers and place territories on a hierarchy of global media access. Drawing on extensive research of media industry strategies, consumer and retailer practices, and media regulation, *Locked Out* explores regional lockout's consequences for media around the globe. Power and capital are at play when it comes to who can consume what content and who can be a cultural influence. Looking across digital technologies, industries, and national contexts, *Locked Out* argues that the practice of regional lockout has shaped and reinforced global hierarchies of geography and culture.

The Mistakes That Make Us Mark Graban, 2023-06-27 At last! A book about errors, flubs, and screwups that pushes beyond platitudes and actually shows how to enlist our mistakes as engines of learning, growth, and progress. Dive into *The Mistakes That Make Us* and discover the secrets to nurturing a psychologically safe environment that encourages the small experiments that lead to big breakthroughs. DANIEL H. PINK, 1 NEW YORK TIMES BESTSELLING AUTHOR OF *DRIVE*, *WHEN*, and *THE POWER OF REGRET*. We all make mistakes. What matters is learning from them as individuals, teams, and organizations. *The Mistakes That Make Us: Cultivating a Culture of Learning and Innovation* is an engaging, inspiring, and practical book by Mark Graban that presents an alternative approach to mistakes. Rather than punishing individuals for human error and bad decisions, Graban encourages us to embrace and learn from them, fostering a culture of learning and innovation. Sharing stories and insights from his popular podcast *My Favorite Mistake* along with his own work and career experiences, Graban shows how leaders can cultivate a culture of learning from mistakes. Including examples from manufacturing, healthcare, software, and two whiskey distillers, the book explores how organizations of all sizes and industries can benefit from this approach. In the book, you'll find practical guidance on adopting a positive mindset towards mistakes. It teaches you to acknowledge and appreciate them, take necessary measures to avoid them while gaining knowledge from the ones that occur. Additionally, it emphasizes creating a safe environment to express mistakes and encourages responding constructively by emphasizing learning over punishment. Developing a culture of learning from mistakes through psychological safety is essential in effective leadership and organizational success. Leaders must lead by example and demonstrate kindness to themselves and others by accepting their own blunders instead of solely pushing for more courage from their team. This approach, as Graban highlights, fosters a positive and productive work environment. *The Mistakes That Make Us* is a must-read for anyone looking to create a stronger organization that produces better results, including lower turnover, more improvement and innovation, and better bottom-line performance. Whether you are a startup founder or an aspiring leader in a larger company, this book will inspire you to lead
