Black Friday Pilates At Home Tips:

The House on Primrose Pond Yona Zeldis McDonough, 2016-02-02 A compelling novel about one woman's search for the truth from the author of *You Were Meant For Me*. After suffering a sudden traumatic loss, historical novelist Susannah Gilmore decides to uproot her life and the lives of her two children and leave their beloved Brooklyn for the little town of Eastwood, New Hampshire. While the trio adjusts to their new surroundings, Susannah is captivated by an unexpected find in her late parents' home: an unsigned love note addressed to her mother in handwriting that is most definitely not her father's. Reeling from the thought that she never really knew her mother, Susannah finds mysteries everywhere she looks in her daughter's friendship with an older neighbor, in a charismatic local man to whom she's powerfully drawn, and in an eighteenth-century crime she's researching for her next book. Compelled to dig into her mother's past, Susannah discovers even more secrets, ones that surpass any fiction she could ever put to paper.

Mrs. Perfect Jane Porter, 2008-05-07 As a young California girl growing up in a blue-collar neighborhood, Taylor Young dreamed of being popular, beautiful, and acquiring a wardrobe to die for. Not to mention marrying a handsome, successful man and living happily ever after in a gorgeous house with three wonderful children. Now at 36, Taylor has reached the pinnacle of her dreams, but is it all about to unravel? As the new school year approaches, Taylor prepares herself for playing the perfect alpha mom: organizing class activities, fund-raising, and chairing the school auction. But the horror: Her archrival, bohemian mom, Marta Zinsser, is named Head Room Mom of Taylor's daughter's fifth-grade class. As tensions rise at committee meetings and school activities, the two rivals seem to be destined for a final confrontation. But as Taylor plans her next move, she is floored by a more serious blow at home: her husband has been secretly unemployed for the past six months. With her posh lifestyle crumbling, Taylor struggles to maintain her alpha image, but could Marta, who cares little about appearances, be her only true friend?

BOOK Pilates is a kind of exercise that works both the mind and the body It improves strength without necessarily building bulk It also targets the core midsection and other muscles that often get neglected by other activities My introduction to Pilates happened at an early age For most of my life I was considered tall for my age with long legs and big feet My parents thought it would be a good idea to enroll their lanky toddler in ballet classes I continued those classes and other dance classes for over 14 years In high school I was a lean 5 8 ballet dancer and basketball player I still had big feet but they were complemented by long legs long arms and a long neck What did I have to complain about My midsection I was relatively slim but I had a pudgy middle In high school where appearances are everything I wanted to do something about it Fortunately around this time my dance instructor introduced the class to the Pilates method She said that Pilates is based off of the ballet moves many of us had been doing for most of our lives She promised that the method would flatten our midsections and make us feel taller My dance instructor made good on her promise After just 15 20 minutes of Pilates before we started dancing I felt taller Over time I felt slimmer I was hooked I ve been doing Pilates ever since and I love it I ve taken classes and I ve done several Pilates DVDs Of all the activities I participate in everything from running to basketball to kickboxing to Zumba Pilates is one that I always come back to because it is really so effective and important
