Carter Brody is trying his best to keep the Private Intelligence Sector afloat by dragging their hopelessly out of date office into this century even though what he really wants to do is follow in his father's footsteps by identifying and hiding extraterrestrial sightings. He gets his chance after being assigned to El's case and is stopped in his tracks not only by her ingenuity and confidence but also by an unnerving coincidence her sighting looks eerily like what Carter himself saw right before a family tragedy. The deeper El and Carter fall into the mystery the harder it is for them to ignore their growing chemistry as their own alien feelings become dangerously terrestrial.
