A hands on illuminating deconstruction of NBA basketball tracing the tactical evolution of the modern game As the NBA celebrates and surpasses 75 years of existence today's game looks nothing like it did in generations past when Bill Russell Wilt Chamberlain and Kareem Abdul Jabbar took turns ruling the league But it's also entirely different from a decade even half decade ago Today's stars enter the league with more versatility and fluidity than ever before and they need it to handle the strategies philosophies schemes skill sets movement patterns and measures of basketball intelligence that simply didn't exist in the past **Spaced Out** tells the story of what professional basketball looks like right now and how it got here Taking a court level view Mike Prada breaks down high level play to elucidate the athleticism strategy and skill demonstrated on a nightly basis while shining a light on the historical forces that have dramatically altered the shape of the game and the role of its superstars Topics covered include the explosion of three point shooting the rise and fall and rise again of zone defense the impact of tighter enforcement of perimeter contact rules and other pivotal factors impacting the pro game From Xs and Os to keen historic analysis this definitive volume will reveal the intricacies of a beautiful game for savvy fans players and coaches alike **Indianapolis Monthly** ,2001-12 Indianapolis Monthly is the Circle City's essential chronicle and guide an indispensable authority on what's new and what's news Through coverage of politics crime dining style business sports and arts and entertainment each issue offers compelling narrative stories and lively urbane coverage of Indy's cultural landscape

Fotiades, 1989 In each of his 27 chapters attorney Fotiades introduces and summarizes the law on some aspect of watching playing or administering sports and provides real and hypothetical examples and where applicable court decision summaries Sports fans will find this entertaining and informative however it has less reference or classroom value because no cases statutes or regulations are cited to facilitate further research Further Fotiades usually changes the names of litigants to protect their privacy a practice which hardly seems necessary since some of the cases described have been highly publicized Although George W Schubert and others *Sports Law* West Pub 1986 remains a better single volume introductory overview and texts including Annie Clement's *Law in Sport and Physical Activity Benchmark Pr* 1987 are better suited for classroom use this is still recommended for public and general academic libraries Merlin Whiteman Indiana Univ Sch of Law Lib
