Innovations and Social Media Analytics in a Digital Society Maria José Sousa, Célio Gonçalves Marques, 2022-06-15 Recent advances in digitization are transforming healthcare education tourism information technology and some other sectors. Social media analytics are tools that can be used to measure innovation and the relation of the companies with the citizens. This book comprises state of the art social media analytics and advanced innovation policies in the digitization of society. The number of applications that can be used to create and analyze social media analytics generates large amounts of data called big data including measures of the use of the technologies to develop or to use new services to improve the quality of life of the citizens. Digitization has applications in fields from remote monitoring to smart sensors and other devices. Integration generates data that need to be analyzed and visualized in an easy and clear way that will be some of the proposals of the researchers present in this book. This volume offers valuable insights to researchers on how to design innovative digital analytics systems and how to improve information delivery remotely.

Digital Populism and the Use of Neo-Propaganda and Fake News Vieira, Andreia Teles, Joaquim, Ana Filipa, Duarte, Alexandre, 2025-05-07 As populism grows across global democracies the integration of new technologies has significantly amplified the use of propaganda techniques and the spread of fake news. Tools like social media and artificial intelligence AI make digital technologies

privileged vehicles for populist communication Due to the use of fallacies propaganda is confused with fake news though these techniques are broader and based on political strategies to manipulate public opinion With the advent of new technologies and the ever increasing incorporation of AI into social life political parties are facing a form of two way communication without intermediaries meaning they can directly reach and influence the public with reduced costs Understanding the social impact of digital propaganda may help foster political literacy among civil society Digital Populism and the Use of Neo Propaganda and Fake News explores various populist parties aiming to identify and understand their use of propaganda and fake news It provides a comprehensive global vision of populism in different nations and examines the communication strategies based on propaganda and disinformation Covering topics such as social media computational propaganda and political rhetoric this book is an excellent resource for political analysts journalists sociologists government officials policymakers researchers academicians and more Communication, Entertainment, and Messages of Social Justice Richard West, Christina S. Beck, 2025-04-29 This edited collection explores the contemporary interplay among three pivotal areas found in cultures around the world communication entertainment and messages of social justice Each chapter centralizes communication as instrumental in creating mediated messages pertaining to social justice usually resulting in a more educated audience Using an accessible writing style the contributors investigate both classic and contemporary social media television film stage radio and podcast productions by employing both qualitative and quantitative methods Furthermore through case studies on topics including transphobia indigenous comedy and drag performance this book assesses key issues and themes portrayed in contemporary entertainment education It provides a foundational framework for analysis by utilizing a broad range of theoretical models to explore representations of race class gender advocacy and pedagogy among others as well as their communication implications This book will be of interest to scholars and students in the fields of Communication Studies Popular Culture Studies Media Studies Theatre Studies Social Justice Studies Sociology and Psychology *Advances in Digital Marketing and eCommerce* Francisco J. Martínez-López, 2023-05-30 The Digital Marketing and eCommerce Conference aims to bring together leading researchers and research scholars to exchange and share their experiences and research results on any aspects of ecommerce and digital marketing This volume presents the proceedings of the 2023 edition in a collection of contributions with many original approaches They address diverse areas of application such as online brand communities channel design online retailing cryptocurrencies user generated content TikTok among others A wide variety of theoretical and methodological approaches have been used **Intelligent Sustainable Systems** Jennifer S.
