Neil S Plakcy,2023-10-19 In the sixth golden retriever mystery Dog Have Mercy Christmas approaches and reformed hacker Steve Levitan tries to help a fellow ex con now working at the vet s office in Stewart s Crossing His curiosity and the crime solving instincts of his golden retriever Rochester kick in when liquid potassium ampoules are stolen from the vet and Steve s new friend is a suspect Is this theft connected to a drug running operation in North Philly Or to a recent spate of deaths at the local nursing home And can Steve continue to resist his computer hacking impulses or will his desire to help others continue to lead him into trouble *Overkill* Eugenia Lovett West,2010-02-22 Emma Streat is rebuilding her shattered life in Boston when she receives an SOS from Venice She must come at once to intervene in a disastrous affair between her opera singer niece Vanessa and a notorious playboy But the night Emma and Vanessa return home Vanessa is struck down by what appears to be the first case of avian flu in the United States Suddenly Emma is forced to cope with the medical world As the case assumes a larger international aspect she finds herself working again with a charismatic British peer Will their unusual relationship survive Emma s new interest in a brilliant doctor After two shocking murders Emma has to rev up her now established talent for making unlikely connections in order to smoke out a lethal global network that sells stolen viruses and save herself from a painful and horrifying death Eugenia Lovett West s sequel to Without Warning is a fast moving thrilling ride featuring a resourceful mature woman a unique character in crime fiction today *The Saturday Evening Post* ,1904

Mirrors of Passing Sophie Seebach,Rane Willerslev,2018-08-01 Without exception all people are faced with the inevitability of death a stark fact that has immeasurably shaped societies and individual consciousness for the whole of human history Mirrors of Passing offers a powerful window into this oldest of human preoccupations by investigating the interrelationships of death materiality and temporality across far flung times and places Stretching as far back as Ancient Egypt and Greece and moving through present day locales as diverse as Western Europe Central Asia and the Arctic each of the richly illustrated essays collected here draw on a range of disciplinary insights to explore some of the most fundamental universal questions that confront us *The Cosmopolitan* ,1914 *Atkinson's Evening Post and Philadelphia Saturday News* ,1960-07 *The Rock* Michael R. Stark,2019-08-25 The Fever burned hot and bright across a world unprepared for the devastation the virus would bring Stranded on a lonely barrier island William Hill struggled to make it through a brutal winter The days of easy food from the ocean had vanished when the cold set in The fish disappeared along with the ducks and even the shorebirds Everything had fled Everything except the demons The nights are dark the days a stumbling venture from one horror to the next The mainland offers hope but the reality is much different In one place William Hill stands in the center of a town where the scattered remains of the dead lie next to the road like litter tossed from passing cars where the search for the living fails to turn up even one soul Infected by a parasite destined to steal his mind hunted by the Chosen and

dogged by a beautiful woman who claims to be an elf he sometimes wonders if life can get any stranger Then Daniel offers a glimpse of the coming world a place where cavorting beasts feast upon the dead where dragons haunt nearby forests where the hordes crawl from the ground by the millions and sweep across the earth The elf says she needs his blood to repair the rift between worlds to finally put an end to the madness He doesn't mind donating a little to the cause but the more he hears the more he doubts her intentions and the more the ceremony sounds like a full scale sacrifice In the end William discovers that he can count on nothing not even his sanity
