The English Book of Ballads Various Authors, 2020-09-28 As in Book of English Verse I tried to range over the whole field of the English Lyric and to choose the best so in this volume I have sought to bring together the best Ballads out of the whole of our national stock But the method order balance of the two books are different perforce as the fates of the Lyric and the Ballad have been diverse While the Lyric in general still making for variety is to day more prolific than ever and all cant apart promises fruit to equal the best that particular offshoot which we call the Ballad has been dead or as good as dead for two hundred years It would seem to have discovered almost at the start a very precise Platonic pattern of what its best should be and having exhausted itself in reproducing that it declined through a crab apple stage of Broad-sides into sterility Therefore this anthology cannot be brought down to the present day and therefore the first half of it contains far finer poetry than the second But it may be objected that among Ballads no such thing as chronological order is possible and that if it were I have not attempted it Why then did I not boldly mix up all my flowers in a heap and afterwards sit down to re-arrange them disregarding history studious only that one flower should set off another and the whole wreath be a well balanced circle I will try to answer this premising only that tact is nine tenths of the anthologist's business It is very

true that the Ballads have no chronology that no one can say when Hynd Horn was composed or assert with proof that Clerk Saunders is younger than Childe Maurice or Tam Lin older than Sir Patrick Spens though that all five are older than The Children in the Wood no one with an ounce of literary sense would deny Even of our few certainties we have to remember that where almost everything depends on oral tradition it may easily happen in fact happens not seldom that a really old ballad of the best period has reached us late and in a corrupted form its original gold overlaid with silver and bronze It is true moreover that these pages declining an impossible order decline also the pretence to it I have arranged the ballads in seven books of which the first deals with Magic the Seely Court and the supernatural the second and on the whole the most beautiful with stories of absolute romance such as Childe Waters Lord Ingram Young Andrew the third with romance shading off into real history as in Sir Patrick Spens Hugh of Lincoln The Queen s Marie the fourth with Early Carols and ballads of Holy Writ This closes Part I The fifth book is all of the Greenwood and Robin Hood the sixth follows history down from Chevy Chase and the Homeric deeds of Douglas and Percy to less renowned if not less spirited Border feuds while the seventh and last book presents the Ballad in various aspects of false beginning and decline The Old Cloak which deserved a long line of children but in fact has had few Barbara Allen late but exquisite Lord Lovel which is silly sooth and The Suffolk Tragedy wherein a magnificent ballad theme is ambled to market like so much butter My hope is that this arrangement while it avoids mixing up things that differ and keeps consorted those the Robin Hood Ballads for example which naturally go together does in round numbers give a view of the Ballad in its perfection and decline and that so my book may be useful to the student as well as to the disinterested lover of poetry for whom it is chiefly intended
