Painting With Impact:

Painting with Impact Robin Capon, David Curtis, 2015-07-30 David Curtis is one of the most successful and loved artists in the UK His books are bestsellers and in his latest publication he talks about the secrets of producing paintings with impact Although his work is not showy they are powerful and are much sought after His secrets for painting with impact are the sensitive consideration of balance and contrast in tone colour handling qualities and compositional elements Whether you're working on location with a limited palette or in the studio with all the time and materials at your disposal the author talks you through the ways to capture the essence of a subject matter and the mood or sense of the place and always with a something that will grab the viewer The key elements are covered Selection what to paint and if necessary how to simplify or dramatise those elements Mood creating a strong sense of mood through choice of medium colour and painting technique Colour choosing the right colours to suit the intentions of the painting The book discusses a range of inspiring locations from marine subjects beaches and harbours to city scenes trees and the light of the Mediterranean

East Asian Aesthetics and the Space of Painting in Eighteenth-Century Europe Isabelle Tillerot, 2024-01-02 An insightful look at how East Asian notions of space transformed Western painting This volume offers the first critical account of how European imports of East Asian textiles porcelain and lacquers along with newly published descriptions of the Chinese garden inspired a revolution in the role of painting in early modern Europe With particular focus on French interiors Isabelle Tillerot reveals how a European enthusiasm for East Asian culture and a demand for novelty transformed the dynamic between painting and decor Models of space landscape and horizon as shown in Chinese and Japanese objects and their ornamentation disrupted prevailing design concepts in Europe With paintings no longer functioning as pictorial windows they began to be viewed as discrete images displayed on a wall and with that their status changed from decorative device to autonomous work of art This study presents a detailed history of this transformation revealing how an aesthetic free from the constraints of symmetry and geometrized order upended paradigms of display enabling European painting to come into its own

The Living Palette: A Journey Through Art's Impact on Society Pasquale De Marco, 2025-04-11 From cave paintings to contemporary installations art has always been an integral part of human experience It reflects our hopes dreams fears and aspirations and it has the power to move us inspire us and change our lives In this book we take a comprehensive journey through the world of art exploring its many facets and uncovering the stories behind the masterpieces We delve into the lives of the artists who created them the techniques they employed and the cultural and historical contexts in which they were made We also examine the role that art plays in our lives both as individuals and as a society Whether you are a seasoned art enthusiast or simply someone who is curious about the creative process this book has something to offer We invite you to join us on this exploration of the living palette as we discover the profound impact that art has had on our world Along the way we will explore The major artistic movements and their impact on society The role of art in shaping cultural identity The intersection
