Silence and Listening as Rhetorical Arts Cheryl Glenn, Krista Ratcliffe, 2011-01-05 In *Silence and Listening as Rhetorical Arts* editors Cheryl Glenn and Krista Ratcliffe bring together seventeen essays by new and established scholars that demonstrate the value and importance of silence and listening to the study and practice of rhetoric Building on the editors groundbreaking research which respects the power of the spoken word while challenging the marginalized status of silence and listening this volume makes a strong case for placing these overlooked concepts and their intersections at the forefront of rhetorical arts within rhetoric and composition studies Divided into three parts History Theory and Criticism and Praxis this book reimagines traditional histories and theories of rhetoric and incorporates contemporary interests such as race gender and cross cultural concerns into scholarly conversations about rhetorical history theory criticism and praxis For the editors and the other contributors to this volume silence is not simply the absence of sound and listening is not a passive act When used strategically and with purpose together and separately silence and listening are powerful rhetorical devices integral to effective communication The essays cover a wide range of subjects including women rhetors from ancient Greece and medieval and Renaissance Europe African philosophy and African American rhetoric contemporary antiwar protests in the United States activist conflict resolution in Israel and Palestine and feminist and second language pedagogies Taken together the essays in this volume advance the argument that silence and listening are as important to rhetoric and composition studies as the more traditionally emphasized arts of reading writing and speaking and are particularly effective for theorizing historicizing analyzing and teaching An extremely valuable

New Literary Hybrids in the Age of Multimedia Expression Marcel Cornis-Pope, 2014-11-15 Begun in 2010 as part of the Histories of Literatures in European Languages series sponsored by the International Comparative Literature Association the current project on New Literary Hybrids in the Age of Multimedia Expression recognizes the global shift toward the visual and the virtual in all areas of textuality the printed verbal text is increasingly joined with the visual often electronic text This shift has opened up new domains of human achievement in art and culture The international roster of 24 contributors to this volume pursue a broad range of issues under four sets of questions that allow a larger conversation to emerge both inside the volume s sections and between them The four sections cover 1 Multimedia Productions in Theoretical and Historical Perspective 2 Regional and Intercultural Projects 3 Forms and Genres and 4 Readers and Rewriters in Multimedia Environments The essays included in this volume are examples of the kinds of projects and inquiries that have become possible at the interface between literature and other media new and old They emphasize the extent to which hypertextual multimedia and virtual reality technologies have enhanced the sociality of reading and writing enabling more people to interact than ever before At the same time however they warn that as long as these technologies are used to reinforce old habits of reading writing they will deliver modest results One of the major tasks

pursued by the contributors to this volume is to integrate literature in the global informational environment where it can function as an imaginative partner teaching its interpretive competencies to other components of the cultural landscape

Israel Martin Gilbert, 2018-09-01 The most comprehensive account of Israeli history yet published Efraim Karsh The Sunday Telegraph Fleeing persecution in Europe thousands of Jewish immigrants settled in Palestine after World War II Renowned historian Martin Gilbert crafts a riveting account of Israel's turbulent history from the birth of the Zionist movement under Theodor Herzl to the unexpected declaration of its statehood in 1948 and through the many wars conflicts treaties negotiations and events that have shaped its past six decades including the Six Day War the Intifada Suez and the Yom Kippur War Drawing on a wealth of first hand source materials eyewitness accounts and his own personal and intimate knowledge of the country Gilbert weaves a complex narrative that's both gripping and informative and probes both the ideals and realities of modern statehood Martin Gilbert has left us in his debt not only for a superlative history of Israel but also for a restatement of the classic vision of Zion in which a Middle East without guns is not a bedtime story but an imperative long overdue This is the vision for which Yitzhak Rabin gave his life This book is tribute to his memory Jonathan Sacks The Times London **Israel's Rights as a Nation-State in International Diplomacy** Alan Baker, 2011 A collection of articles about Israel's right of establishment as a Jewish homeland and as an independent country **the book of psalms**, 1876 **The busy man's hand-book** William Ralston Balch, 1891 **The Book of Joshua** George Frederick Maclear, 1894 *Rogue Nation* Clyde V Prestowitz, 2008-08-04 During the six months prior to the World Trade Center attack the United States walked away from a treaty to control the world traffic in small arms the Kyoto accords a treaty to combat bioterrorism and many other international agreements After 9 11 there was a flurry of coalition building but Europe and Asia quickly came to see the conflict in Afghanistan as an American war with Tony Blair leading cheers from the sidelines Recent American calls to action in Iraq have only reinforced international perception that the U S plans to remain a solitary actor on the world stage Despite our stated good intentions the causes of justice and democracy we have become the world's largest rogue nation The Bush administration did not invent the American tradition of unilateralism but Clyde Prestowitz argues they have taken it to unprecedented heights Rogue Nation explores the historical roots of the unilateral impulse and shows how it helps shape American foreign policy in every important area trade and economic policy arms control energy environment drug trafficking agriculture Even now when the need for multilateral action and the danger of going it alone has never been greater we continue to act contrary to international law custom and our own best interests The Book of psalms; a new tr., with notes by J.J.S. Hand-book of Bible Geography George Henry Whitney,1875 *Understanding Israel/Palestine* Eve Spangler,2015-06-28
The Israeli Palestinian conflict is the longest ongoing hot and cold war of the 20th and 21st centuries It has produced more refugees than any current conflict generating fully one quarter of all refugees worldwide Everyone knows that the Palestinian Israeli conflict is important itself and is also fueling tensions throughout the Middle East Yet most people shy away from this conflict claiming it is just too complicated to understand This book is written for people who want a point of entry into the conversation It offers both a historic and analytic framework Readers whether acting as students parishioners neighbors voters or dinner guests will find in these pages an analysis of the most commonly heard Israeli positions and a succinct account of the Palestinian voices we seldom hear I argue that human rights standards have never been used as the basis on which the Israeli Palestinian conflict should be resolved and that only these standards can produce a just and sustainable resolution This book will be useful for classes in Middle East studies peace and conflict studies Middle East history sociology of race and political science It can be helpful for church groups labor groups or other grass roots organizations committed to social justice and for all readers who wish to be informed about this important topic Professor Spangler s quest for historical and political understanding takes us on a brave and intimate journey into the consequences of Jewish privilege and Jewish victimhood the agendas of imperial superpowers and the Palestinian struggle for self determination Alice Rothchild MD author of *Broken Promises Broken Dreams Stories of Jewish and Palestinian Trauma and Resilience* and producer and director of documentary film *Voices Across the Divide* A sharp poignant well documented dossier that provides readers with all the most needed facts to grasp the conflict and get involved Sam Bahour co editor of *Homeland Oral Histories of Palestine and Palestinians* and business development consultant and activist based in Palestine T his one is exceptional It recounts a historical tale it provides theoretical underpinnings it does comparative work it examines all the details and aspects of ongoing debates and it brings all to life with real life stories the wonder of this book is its insistence on hope not a na ve idealistic hope but one accompanied by a tool box for concrete action that might right the wrongs of this tragic tale Anat Biletzki Professor of Philosophy Tel Aviv University and Albert Schweitzer Professor of Philosophy Quinnipiac University Chairperson of B Tselem 2001 2006 Eve Spangler is a sociologist and a human and civil rights activist For the last decade her work has focused on the Israel Palestine conflict she argues that human rights are the neglected standards that could lead to a just and sustainable solution **The Nation** ,1888 **Blue Book of 16mm Films** ,1948 **Hand-book of Bible**

Lena El-Malak, 2024-11-28 While Palestinians continue to face the threat of expulsion from their homes identifying legal mechanisms that can be used to assert Palestinian's property rights is needed more than ever This book provides a legal analysis of the right to reparation of Palestinian refugees under international law for the destruction and expropriation of their property during the Nakba Discussing the legal landscape related to property ownership prior to the creation of the State of Israel and the legal basis for the right to reparation under international law Lena El Malak advocates for a law based approach to enforce this right and the form it should take The book demonstrates how the legal rights of Palestinian refugees specifically as related to their properties have been marginalized and excluded from the political discourse of the peace process Here the legal rights of Palestinian refugees are demonstrated challenges for invoking these rights in international and domestic courts are determined and forms of restitution and compensation outlined This study offers a timely contribution to provide a comprehensive legal as opposed to a political economic or historical analysis of the right to reparation of Palestinian refugees for their property losses Additionally the book seeks to demonstrate the importance of adopting a legal framework in any future negotiation for a peaceful resolution to this long standing struggles for liberation
