

MAJOR LINES OF YOUR PALM

Every palm is different, but most share the same basic lines. Subtle differences between the patterns they form give us insight into our destiny.

Where your hands and fingers bend, creases form in the skin, leading to a pattern of permanent lines across your palm. Exactly where these creases lie varies — your pattern is unique to you.

Follow the lines

Your palm can change dramatically as you age. The lines on the hand you write with will change the most, and so these are the ones you should read first. By understanding all the lines on your palm you can build up a picture of the person you are and the influences that have lead you to your present position.

HEALTH LINE

The health line (also known as the mercury line) shows vitality and important life changes. It can also indicate an intuitive nature. No health line means a lifetime of good health.

HEART LINE

Reflects the emotional side of your personality and relates to all matters of the heart.

A good palm reader will consider the relationship between the lines rather than reading any one line individually.

FATE LINE

The fate line (also called the destiny line) indicates the influence the world will have on you.

HEAD LINE

Concerned with the mentality of an individual; indicates your mental fortitude and strength of will.

SUN LINE

Relates to luck, success and fortune.

LIFE LINE

Rather than indicating how long someone will live, this is an indication of general vitality, and important life changes.

BRACELETS

The stronger and more defined the bracelets, the better your general health is likely to be.
