Painting Still Life In Watercolour:

Cézanne in the Studio Carol Armstrong, 2004-11-01 In the last years of his life Paul Cézanne produced a stunning series of watercolors many of them still lifes Still Life with Blue Pot is one of these late masterpieces that is now in the collection of the Getty Museum In Cézanne in the Studio Still Life in Watercolors Carol Armstrong places this great painting within the context of Cézanne's artistic and psychological development and of the history of the genre of still life in France Still life like the medium of watercolor was traditionally considered to be low in the hierarchy of French academic paintings Cézanne chose to ignore this hierarchy creating monumental still life watercolors that contained echoes of grand landscapes and even historical paintings in the manner of Poussin the highest of classical art forms In so doing he changed his still lifes with new meanings both in terms of his own notoriously difficult personality and in the way he used the genre to explore the very process of looking at and creating art Carol Armstrong's study is a fascinating exploration of the brilliant watercolor paintings that brought Cézanne's career to a complex and triumphant conclusion The book includes new photographic studies of the Getty's painting that allow the reader to encounter this great watercolor as never before in all of its richness and detail
