Painting Beyond Pollock:

Painting Beyond Pollock Morgan Falconer, 2015-04-20 *Painting Beyond Pollock* is a captivating account of the history of European and American painting from the mid 20th century onwards. In addition to well known artists such as Willem de Kooning, Agnes Martin, Alex Katz, Ellsworth Kelly, Marlene Dumas, Gerhard Richter, and Brice Marden, Falconer explores the work of contemporary stars such as Cecily Brown, Mark Grotjahn, Elizabeth Peyton, John Currin, Neo Rauch, and Mark Bradford, as well as up and coming artists such as Blink Palermo and Sigmar Polke. Topics include Things must be pulverized, Abstract Expressionism, Wounded Painting, Informel in Europe, and Beyond Against Gesture, Geometric Abstraction, Witnesses, Post war Figurative Painting, AntiTradition, Pop Painting, PostPainting, Part I After Pollock, A transcendental high art, Neo Expressionism and its Discontents, Post Painting, Part II After Pop, New Figuration, Pop Romantics.

In a wide ranging series of essays from the rise of the postmodern intellectual to a modernist appreciation of the spiritual quality of the paintings of Jackson Pollock, Berube stakes out his claim that all areas of human endeavor are rooted in a politics of culture. The essay collection is divided into three sections. The first two essays deal with the postmodern intellectual and the corporate university; the second section plumbs the depth of a conservative school reform movement and asks whether we have not reached an end to education reform. The last section contains essays pertaining to precarious state of arts education in the schools, reflections on a modernist literary canon, the contribution of Pollock, and plumbing alternative views of Jesus as the penultimate revolutionary. beauty as a Platonic ideal from early German Romanticism to the twentieth century He traces this intellectual trajectory from Goethe Dilthey and Nietzsche through modernism and the avant garde movement to the work of Adorno and Heidegger Rather than the death or destruction of beauty Vercellone argues instead that beauty in the twentieth century came back to live in reality and everyday life He suggests this is a new edition of the classical ideal rather than an abandonment of it and further makes the case for the ecological significance of this orientation and outlook

Water and Art David Clarke, 2012-01-01 Restless protean fluid evanescent despite being a challenge to represent visually water has gained a striking significance in the art of the twentieth century This may be due to the fact that it allows for a range of metaphorical meanings many of which are particularly appropriate to the modern age Water is not merely a subject of contemporary art but also a material increasingly used in art making giving it a distinct dual presence Water and Art probes the ways in which water has gained an unprecedented prominence in modern Western art and seeks to draw connections to its depiction in earlier art forms David Clarke looks across cultures finding parallels within contemporary Chinese art which draws on a cultural tradition in which water has an essential presence and is used as both a subject and a medium The book features a wealth of images by artists from East and West including Fu Baoshi Shi Tao Wei Zixi Fang Rending Leonardo da Vinci Bernini Turner Gericault Klee Matisse Monet Picasso Mondrian and Kandinsky Fast paced accessible and comprehensive Water and Art will appeal to the specialist and the general reader alike offering fresh perspectives on familiar artists as well as an introduction to others who are less well known

Beyond Representation Richard Eldridge, 1996-03-21 The essays in this volume explore the ways in which traditional philosophical problems about self knowledge self identity and value have migrated into literature since the Romantic and Idealist periods How do so called literary works take up these problems in a new way What conception of the subject is involved in this literary practice How are the lines of demarcation between philosophy and literature problematized The contributors examine these issues with reference both to Romantic and Idealist writers and to some of their subsequent literary and philosophical inheritors and revisers Their essays offer a philosophical understanding of the roots and nature of contemporary literary and philosophical

practice and elaborate powerful and influential but rarely decisively articulated conceptions of the human subject and of value
