SHOULD KIDS USE SOCIAL MEDIA?

Kids should use social media. Social media is the easiest way to communicate. People can connect instantly to others. Therefore, it is convenient for children can talk to their friends and family. Social media can help form kids personalities. Consequently, many kids become more outgoing and social. Also, they can learn about the world from social media. They can learn about people, places, and cultures all over the world. These are the main reasons I think kids should be able to use social media apps.
