Paleo Comfort Food Healthy And Delicious Gluten Free Homestyle Paleo Recipes:

Paleo Comfort Food R. Brown, 2014-04-30 The Paleo diet is explosively popular Paleo diet is short for Paleolithic diet also known as the caveman diet The Paleo diet is based on what people ate in the Really Old Days starting some two and a half million years ago when humans first showed up on the Stage of Life Humans back then were hunter gatherers the basic rule for their diet was if it runs or swims or flies away from you or you can yank it off a bush or tree you can eat it The point is that people developed and survived for a couple of million years doing the hunter gatherer thing and are thus genetically adapted to the Paleolithic diet Since people changed gears so to speak to modern agriculture a mere 10 000 years ago human genetics has hardly had a chance to catch up That is to say people are genetically identical to the hunter gatherer model but are eating stuff that model was never designed to consume The majority of the food in fact consumed in the United States consist of things like dairy products cereals refined sugars and vegetable oils and alcohol none of which were readily available Way Back When and all of which contribute mightily to the rise of obesity heart problems high blood pressure diabetes and cancer in today s world Enter the Paleolithic Diet The theory in a nutshell is that you should eat what your body is designed to eat By doing so you should be less prone to popular modern diseases like diabetes have more energy and be able to leap over buildings in a single bound Well maybe not that last one Still eating good stuff that doesn t immediately initiate hostile actions with your digestive system will make you feel better and in the long run should make you be better that is healthier But just because Paleo is a diet and is good for you doesn t mean that it can t also be fun In this book you will find recipes for your favorite comfort foods with a Paleo twist What could be better Food that you love and is good for you The author R Cleland Brown has been preparing and eating food since his teens This you can be assured is a very long time

Cook,2013-11-01 The Paleo diet is the latest food craze to sweep the globe And it is no surprise that it has become so popular With 101 of our happy Cook favorites for you to experiment with enjoy and share you will see why Because Paleo not a diet per se if there s one thing that all the fad diets in the last few decades have taught us it s that diets don t work The idea of temporarily depriving yourself of certain foods until you reach a weight goal has been shown to be counterproductive Goals are met but soon after the pent up urge to eat the forbidden fruit overcomes us and before we know it we re back where we started It s a vicious cycle Which is good If you re a diet foods company We Need To Get back To The Way Things Were Meant To BeThe paleo diet endeavours to get us to eat only those foods which our bodies are meant to eat The things early humans ate when our race was not surrounded by heaps of plastic processed foods and civilization was still in its infancy The Real Food diet would be another way to describe it Does this mean that we forsake our comforts and tasty menus and eat only boring unappetizing dishes for the sake of our health Our overwhelming answer is NO WAY How about if we could enjoy wonderful comforting delicious meals that truly satisfy our body and tastebuds all at once and utilise Paleo guidelines no grains no gluten no legumes no dairy Jump in and enjoy the health benefits natural weight loss and sustained feel good factor of the Real Food diet with our delightful PALEO COMFORT FOODS Cookbook Super Quick Easy Gluten Free Paleo Comfort Food Recipes In the book we cover everything from The Basics Spice Mixes and Marinades through to beautifully sumptuous Meat Dishes Sides and Desserts plus a whole lot more A full arsenal of ready to use awesome recipes that cannot fail to delight Enjoy
