of their daughter leads to Lisa's death from that ill-fated accident and hemorrhaging. Depressed and utterly alone, the wanderer is consoled by a capuchin monkey that the wanderer names Charlie after his friend, and they travel the country looking for more survivors. Along the way, he saves a small German Shepherd mix puppy and names him Rocky. Rocky and Charlie become helpful and loyal companions in the wanderer's travels. Twice survivors are found, but they are hostile, and the wanderer is unable to make contact. And then, like a miracle, the wanderer finds a commune with 47 people that have survived well, only to have them lost by a predictable but tragic natural disaster. Left alone without hope and with the southern United States becoming more tropical and uninhabitable, the wanderer retreats to northern Ontario where he stayed the first two winters and where he finally lives out his life to a surprising conclusion. **Full Gas Forever** Ed Clancy, Lexie

Gawdat is an engineer. What most of us see as insurmountable problems, he sees as system overloads to tackle and solve. Unstressable breaks stress into inputs and effects, classifying human stressors as stress to the mind, stress to emotions, stress to the body, and stress to the soul. Once classified, Gawdat and co-author Alice Law show readers how stress can be predicted and once predicted, prevented. Unstressable illuminates for readers how most of us deal with the unpleasant anxiety-producing and even miserable or tragic events in our lives: stress is always a by-product leading directly to inability to cope, health problems, and cratered confidence. Gawdat and Law guide readers to both heart-centred and science-based solutions. They'll train readers to develop habits and attitudes of listening and learning that limit stress. Learn the language of de-stressing: mind, emotions, body, and soul. Respond, not react. Release self-criticism, insomnia, and lethargy. Increase energy, focus.
