Googled Ken Auletta, 2009-11-03 A revealing forward looking examination of the outsize influence Google has had on the changing media Landscape There are companies that create waves and those that ride or are drowned by them As only he can bestselling author Ken Auletta takes readers for a ride on the Google wave telling the story of how it formed and crashed into traditional media businesses from newspapers to books to television to movies to telephones to advertising to Microsoft With unprecedented access to Google's founders and executives as well as to those in media who are struggling to keep their heads above water Auletta reveals how the industry is being disrupted and redefined Using Google as a stand in for the digital revolution Auletta takes readers inside Google's closed door meetings and paints portraits of Google's notoriously private founders Larry Page and Sergey Brin as well as those who work with and against them In his narrative Auletta provides the fullest account ever told of Google's rise shares the secret sauce of Google's success and shows why the worlds of new and old media often communicate as if residents of different planets Google

engineers start from an assumption that the old ways of doing things can be improved and made more efficient an approach that has yielded remarkable results Google will generate about 20 billion in advertising revenues this year or more than the combined prime time ad revenues of CBS NBC ABC and FOX And with its ownership of YouTube and its mobile phone and other initiatives Google CEO Eric Schmidt tells Auletta his company is poised to become the world s first 100 billion media company Yet there are many obstacles that threaten Google s future and opposition from media companies and government regulators may be the least of these Google faces internal threats from its burgeoning size to losing focus to hubris In coming years Google s faith in mathematical formulas and in slide rule logic will be tested just as it has been on Wall Street Distilling the knowledge accrued from a career of covering the media Auletta will offer insights into what we know and don t know about what the future holds for the imperiled industry
