highlight what not to do not to shame past mistakes but to guide better decisions as we advance This book is a resource a companion and a reminder that visibility without trust is meaningless and that growing your audience should never mean losing your voice We will make SEO feel right because it is clear human and aligned with your values *Sell Results, Not Features Or Functions: Outcome-Based Offers That Drive Higher Sales* Simon Schroth,2025-04-23 Customers don't buy features they buy results Sell Results Not Features Or Functions teaches you how to shift your sales messaging to focus on the outcomes your customers will experience leading to higher sales and more satisfied customers This book shows you how to position your products or services by emphasizing the benefits and results that customers will get rather than just listing features You'll learn how to craft messaging that speaks directly to your audience's desires how to communicate the transformation your product provides and how to build trust with prospects The book also covers how to use social proof testimonials and case studies to demonstrate the effectiveness of your offers If you want to increase sales by focusing on results rather than features Sell Results Not Features Or Functions gives you the tools to craft outcome based offers that convert
