Boot and Shoe Recorder ,1909 **Shoe Retailer and Boots and Shoes Weekly** ,1905 **The Fall** R. J.

Pineiro,2015-07-28 In R J Pineiro s *The Fall* a sci fi thriller a man jumps from the upper most reaches of the atmosphere and vanishes ending up on an alternate Earth where he died five years earlier Jack Taylor has always been an adrenaline junkie As a federal contractor he does dangerous jobs for the government that fall out of the realm of the SEALS and the Marines And this next job is right up his alley Jack has been assigned to test an orbital jump and if it works the United States government will have a new strategy against enemy countries Despite Jack s soaring career his personal life is in shambles He and his wife Angela are both workaholics and are on the verge of getting a divorce But the night before his jump Jack and Angela begin to rekindle their romance and their relationship holds promise for repair Then comes the day of Jack s big jump He doesn t burn up like some predicted instead he hits the speed of sound and disappears Jack wakes up in an alternate universe One where he died during a mission five years earlier and where Angela is still madly in love with him But in this world his boss Pete has turned to the dark side is working against him and the government is now on his tail Jack must return to his own world but the only way for him to do that is to perform another orbital jump This time is more difficult though no one wants to see him go Jack s adrenaline is contagious *The Fall* will keep readers on the edges of their seats waiting to find out what crazy stunt Jack will perform next and to learn the fate of this charming daredevil hero *After the Fall of Heaven* Kioumars Sahebpanah,2022-01-14 Throughout life you stand at many crossroads where you have to make a choice you have to go left or right For the most part one convinces oneself that the choices one makes and the decisions one makes are made on the basis of rational and sensible considerations but often it is our emotions that ultimately make the difference Other times it is some external circumstances or coincidences that determine whether one is going to follow the path to the left or to the right For most people it doesn t matter much which way they follow most get where they want to go perhaps with a few knubs but rarely life threatening In this book we follow a little Iranian boy Kioumars from the age of four until he as a middle aged man writes his memoirs as a Danish citizen in a suburb of Copenhagen For him conscious choices coincidences or external circumstances have several times meant life or death or vastly different life courses The book takes us to a newly built neighborhood in Tehran where we follow family life closely for better and worse described with a lovely sense of humor After the revolution Kioumars flees and the trip through the mountains to the Turkish border and the wait in Turkey is nerve wracking The final destination is Denmark where he encounters a very different culture in a welfare society that surprises him and presents challenges In the book Kioumars looks back on his life and on all the crossroads he has stood by Several times coincidences have saved his life coincidences also led him to Denmark and not to the United States which was originally his great wish not wanting to participate in the Iraq War was a conscious choice and led to the escape and later it was external circumstances that changed Kioumars s life radically as he did not flee but moved from Iran to Denmark The
