Partial Identification in Econometrics and Related Topics Nguyen Ngoc Thach, Nguyen Duc Trung, Doan Thanh Ha, Vladik Kreinovich, 2024-07-31 This book covers data processing techniques with economic and financial application being the unifying theme To make proper investments in economy the authors need to have a good understanding of the future trends how will demand change how will prices change etc In general in science the usual way to make predictions is to identify a model that best fits the

current dynamics and to use this model to predict the future behavior In many practical situations especially in economics our past experiences are limited As a result the authors can only achieve a partial identification It is therefore important to be able to make predictions based on such partially identified models which is the main focus of this book This book emphasizes partial identification techniques but it also describes and uses other econometric techniques ranging from more traditional statistical techniques to more innovative ones such as game theoretic approach interval techniques and machine learning Applications range from general analysis of GDP growth stock market and consumer prices to analysis of specific sectors of economics credit and banking energy health labor tourism international trade to specific issues affecting economy such as ecology national culture government regulations and the existence of shadow economy This book shows what has been achieved but even more important are remaining open problems The authors hope that this book will inspire practitioners to learn how to apply state of the art techniques especially techniques of optimal transport statistics to economic and financial problems and inspire researchers to further improve the existing techniques and to come up with new techniques for studying economic and financial phenomena The authors want to thank all the authors for their contributions and all anonymous referees for their thorough analysis and helpful comments The publication of this book and organization of the conference at which these papers were presented was supported by the Ho Chi Minh University of Banking HUB Vietnam and by the Vingroup Innovation Foundation VINIF The authors thank the leadership and staff of HUB and VINIF for providing crucial support

Proceedings of the International Conference on Law, Economic & Good Governance (IC-LAW 2023) Abdul Kadir Jaelani,Irwansyah Irwansyah,Fokke Fernhout,Agus Raharjo,Mohd Rizal Palil,Hilaire Tegnan,Okid Parama Astirin,Sutarno Sutarno,Venty Suryanti,Pranoto Pranoto,Robbi Rahim,2024-02-21 This is an open access book The position of Indonesia and most countries in IMF calculations facing the same challenges Each country requires the legal instruments of a good and reliable system of Government to guards against the worst possible economic turmoil Good governance is an insistence of the constitution in the economic Article 33 paragraph 5 subsequently published Constitution Number 30 Year of 2014 on Government Administration contains 17 principles of a good governance One of the important points of the principle is a government without corruption and manipulation of policy concepts in order to provide access to consolidation in politics and economy The latest Transparency International report for 2023 shows that Indonesia s corruption perception index was recorded at 34 points on a scale of 0 100 in 2022 This is a 4 point decrease from the previous year This decline in the CPI also brought down the ranking of Indonesia s CPI globally It was noted that Indonesia s CPI in 2022 ranked 110th In the previous year Indonesia s CPI was ranked 96th globally Good Governance is all aspects related to the control and supervision of the power of the Government in carrying out its functions through formal and informal institutions To implement the principles of Good Governance and Clean Government the Government must implement the principles of accountability and efficient resource management Good and clean governance will contribute to economic growth and economic growth will

have an impact on human development During the last decades of 20th century the needs for a good governance has given some impacts and became a recurring theme in literature related to human development The intervention of government or the quality of government become crucially important in relation to the high achievement of human development Whereas an effort in improving society s welfare is through economic development One of dominant aspects in economic development is through legal development Good law or policy in such country will have some impacts to the existence of good economic growth because supremacy of law is one aspect of a good governance Law supremacy is an important institution which is related to economic growth because rule of law ensures personal safety property rights unbiased contract enforcement stability of politics freedom of speech and control of corruption According to those various issues and debates on economic legal development and good governance then the Doctoral Program of the Faculty of Law Sebelas Maret University needs to hold an international conference as a place in exchanging some academic ideas in order to contributes to those legal issues with a theme INTERNATIONAL CONFERENCE ON LAW ECONOMICS AND GOOD GOVERNANCE
