Valentin provides practical planning guidelines that encourage creative strategic problem solving. Drawing on both his business experience and the business literature, he explains not only what entrepreneurs and executives should look at when pondering plans and strategies, but also what they should look for. The book's unique applied perspective sets *Business Planning: Market Strategy* apart from conventional how-to planning guides. *Management* John R. Schermerhorn, Jr., Daniel G. Bachrach, 2020-05-07. Schermerhorn *Management* 14e continues to offer the same balanced theory approach as with previous editions. Students need an active and engaged learning classroom environment that brings personal meaning to course content and the instructor's course objectives. Schermerhorn communicates with students through rich, timely features and cases that bring management topics, theories, and concepts to life. The underlying goal is to translate foundation theories into lasting tools for students as they move beyond the classroom where their skills will be put to the test. *Entrepreneurship* Bruce R. Barringer, R. Duane Ireland, 2006. This lively book containing many real-life examples makes a thoughtful practical guide to the process of launching new ventures. It begins by introducing a model of the entrepreneurial process and follows the model throughout the book. Emphasis is placed on the beginnings of the entrepreneurial process, particularly opportunity recognition and feasibility analysis. A four-part organization makes the journey toward understanding the entrepreneur process both enjoyable and productive. The four parts, which collectively contain 15 chapters, are: The Decision to Become an Entrepreneur; Developing Successful Business Ideas; Moving From an Idea to an Entrepreneurial Firm; and Managing and Growing an Entrepreneurial Firm. For venture capitalists, investor groups, or business incubators for profit and not-for-profit to distribute to their client companies, and of particular help to technology companies. *Business 2.0*, 2006. *Kiplinger's Personal Finance Magazine*, 2010-07. **Foundations of Business Decision Making**, 2008. **Management Information Systems** James O'Brien, 2010.
