Tax Accountant

Dear Hiring Manager,

I still remember the day I completed my first tax return. I was just 16 years old and had earned some money for helping a neighbor with their garden. I didn't know much about taxes, but I was determined to figure it out. That's when I first discovered my love for tax accounting. It's not every day you find someone who gets excited about taxes, but I'm that person. As I've followed the growth and success of PricewaterhouseCoopers (PwC), I've been consistently impressed by your commitment to providing exceptional services and fostering a strong company culture. Today, I am thrilled to apply for the Tax Accountant position at PwC.

Over the past five years, I've developed a knack for identifying tax-saving opportunities and have helped my clients save a cumulative \$2 million in taxes. At Resume Worded, I played a key role in implementing tax strategies for our diverse client base. I also led a team of junior accountants to streamline the tax filing process, reducing errors by 20% and cutting filing times by 25%. My ability to spot opportunities, combined with my expertise in tax laws, has consistently provided value to my clients and employers alike. I am excited to bring my skills and experience to PwC and contribute to your ongoing success.

What particularly excites me about this role is the opportunity to work with a diverse range of clients and industries. I am eager to apply my tax knowledge on a larger scale and continue to learn and grow in this dynamic field.

Thank you for considering my application. I look forward to the opportunity to discuss how my passion for tax accounting and proven track record of success can contribute to PwC's continued growth and excellence.

Sincerely,

[Your Name]

Internal Revenue Service,1997 JFK and the Reagan Revolution Lawrence Kudlow,Brian Domitrovic,2016-09-06 The fascinating suppressed history of how JFK pioneered supply side economics John F Kennedy was the first president since

the 1920s to slash tax rates across the board becoming one of the earliest supply siders Sadly today s Democrats have ignored JFK s tax cut legacy and have opted instead for an anti growth tax hiking redistribution program undermining America s economy One person who followed JFK s tax cut growth model was Ronald Reagan This is the never before told story of the link between JFK and Ronald Reagan This is the secret history of American prosperity JFK realized that high taxes that punished success and fanned class warfare harmed the economy In the 1950s when high tax rates prevailed America endured recessions every two or three years and the ranks of the unemployed swelled Only in the 1960s did an uninterrupted boom at a high rate of growth averaging 5 percent per year drive a tremendous increase in jobs for the long term The difference was Kennedy s economic policy particularly his push for sweeping tax rate cuts Kennedy was so successful in the 60s that he directly inspired Ronald Reagan s tax cut revolution in the 1980s which rejuvenated the economy and gave us another boom that lasted for two decades Lawrence Kudlow and Brian Domitrovic reveal the secret history of American prosperity by exploring the little known battles within the Kennedy administration They show why JFK rejected the advice of his Keynesian advisors turning instead to the ideas proposed by the non Keynesians on his team of rivals We meet a fascinating cast of characters especially Treasury Secretary Douglas Dillon a Republican Dillon s opponents such as liberal economists Paul Samuelson James Tobin and Walter Heller fought to maintain the high tax rates including an astonishing 91% top rate that were smothering the economy In a wrenching struggle for the mind of the president Dillon convinced JFK of the long term dangers of nosebleed income tax rates big spending and loose money Ultimately JFK chose Dillon s tax cuts and sound dollar policies and rejected Samuelson and Heller In response to Kennedy s revolutionary tax cut the economy soared But as the 1960s wore on the departed president s priorities were undone by the government expanding and tax hiking mistakes of Presidents Johnson Nixon Ford and Carter The resulting recessions and the stagflation of the 1970s took the nation off its natural course of growth and prosperity until JFK s true heirs returned to the White House in the Reagan era Kudlow and Domitrovic make a convincing case that the solutions needed to solve the long economic stagnation of the early twenty first century are once again the free market principles of limited government low tax rates and a strong dollar We simply need to embrace the bipartisan wisdom of two great presidents unleash prosperity and recover the greatness of America
