Since trends have the possibility of becoming part of the mainstream they are important to identify as they emerge especially for viewers who have a keen interest in narrative television shows

Property in Social Continuity Franz von Benda-Beckmann, 2013-11-11 Learn the laws of inheritance and teach them to the people for they are one half of useful knowledge

1ohannned Fyzee 1955 329 When the prophet created this aphorism he had in mind the rules of inheritance law revealed to him by Allah We could apply it to social anthropology as well since the inheritance of property and the succession to positions of socio political authority are among the most important elements of social organization They are the vehicles of continuity which maintain property and authority through time In many societies and particularly in those generally studied by anthropologists inheritance and succession are closely interconnected with kinship and descent and provide the economic and political substance for the existence and continuity of kinship or descent based social groups They are as it were the flesh on the bare bones of kinship relations The importance of inheritance has of course not escaped the notice of social and legal anthropologists and in recent years several studies have ably demonstrated the point Radcliffe Brown 1952 Goodenough 1951 Leach 1961 b Goody 1962 Lloyd 1962 Gray and Gulliver eds 1964 Derrett ed 1965 Gluckman 1972 Moore 1969 Burling 1974 Yet in general property and inheritance have rather been treated as an appendix to economic and kinship studies

Adweek, 2009-04 *Franchise Era*, Fleury James Fleury, 2019-04-01

As Hollywood shifts towards the digital era, the role of the media franchise has become more prominent. This edited collection from a range of international scholars argues that the franchise is now an integral element of American media culture. As such, the collection explores the production, distribution, and marketing of franchises as a historical form of media making, analysing the complex industrial practice of managing franchises across interconnected online platforms. Examining how traditional media incumbents like studios and networks have responded to the rise of new entrants from the technology sector such as Facebook, Apple, Amazon, Netflix, and Google, the authors take a critical look at the way new and old industrial logics collide in an increasingly fragmented and consolidated mediascape.

[Encyclopedia of Caves](#) William B. White, David C. Culver, Tanja Pipan, 2019-05-10. Encyclopedia of Caves Third Edition provides detailed background information to anyone with a serious interest in caves. This includes students both undergraduate and graduate in the earth, biological, and environmental sciences, and consultants, environmental scientists, land managers, and government agency staff whose work requires them to know something about caves and the biota that inhabit them. Caves touch on many scientific interests in geology, climate science, biology, hydrology, archaeology, and paleontology, as well as more popular interests in sport caving and cave exploration. Case studies and descriptions of specific caves selected for their special features and public interest are also included. This book will appeal to these audiences by providing in-depth essays written by expert authors chosen for their expertise in their assigned subject. Features 14 new chapters and 13 completely rewritten chapters. Contains beautifully illustrated content with more than 500 color images of cave life and features. Provides extensive bibliographies that allow

readers to access their subject of interest in greater depth
