Nba Preseason Review:

Improving Practice and Performance in Basketball Aaron T. Scanlan, Vincent J. Dalbo, 2019-11-18 Despite being one of the most popular sports worldwide basketball has received limited research attention compared to other team sports Establishing a strong evidence base with high quality and impactful research is essential in enhancing decision making processes to optimize player performance for basketball professionals Consequently the book entitled Improving Performance and Practice in Basketball provides a collection of novel research studies to increase the available evidence on various topics with strong translation to practice in basketball The book includes work by 40 researchers from 16 institutions or professional organizations from 9 countries In keeping with notable topics in basketball research the book contains 2 reviews focused on monitoring strategies to detect player fatigue and considerations for travel in National Basketball Association players In addition 8 applied studies are also included in the book focused on workload monitoring game related statistics and the measurement of physical and skill attributes in basketball players This book also has a strong focus on increasing the evidence available for female basketball players who have traditionally been under represented in the literature The outcomes generated from this book should provide new insights to inform practice in many areas for professionals working in various roles with basketball teams

Teahan, 2022-05-11 We Are America We Are Americans By Matt Teahan A Journey through life at least part of it and the lessons learned and in a rare instance taught In this quasi autobiography I answer the confounding questions of our day through a riveting for some people journey of all topics relevant Is the United States of America really a Christian Nation Where has this Country s corporate leadership gone Why would anyone waste an entire adolescence refining their basketball jump shot Why has the moral compass in Professional Sports disappeared into the abyss of political wokeness Why do we need to ban plastic straws and not water bottles particularly if Climate Change is going to kill us all in 9 years anyway How do we pay reparations for people of mixed race How can chicken sandwiches galvanize and legitimize the LGBT community What did I share with the Pope at the sacred site of Fatima What s it going to take to get millennials off Twitter out of Mom s basement and into Church Why is systemic ignorance a far greater threat to this country than anything else systemic I ll introduce a toxic blend of fact fiction criticism sarcasm reality inquiry and humor into the topics of the day And I ll blend my shallow yet relevant life experiences into the mix where it s almost impossible to tell the difference You may get bored You might not You may or may not like my viewpoints You might not even like me But you won t be the first nor the last I think however everyone will find something here they can relate to Whether it s basketball friends God politics a career or the social issues of the day there s something for everybody Even for those who rarely open a book like today s College students For them I ve included pictures See Something for everybody And although some of my viewpoints you may frown upon you will appreciate the humor anecdotes multiple geography lessons ridicule sarcasm and blatant hypocrisy that I ll expose on
