Kelsey Osgood,2025-04-08 A candid thought provoking exploration of contemporary women s experiences of religious conversion and the relationship between faith and fulfillment in our time Religious involvement has been declining in the West for decades and though men have historically outnumbered women among the disaffiliated in the U S a greater share of the young adults leaving religion today are women A young secular Kelsey Osgood would have been surprised to hear that she would be among those moving in the opposite direction And yet after the conversion to Orthodox Judaism that

transformed her life she began to wonder about the other contemporary women who like her had been startled to find a home in organized religion In *Godstruck* she profiles six other converts some raised firmly atheist others agnostic or religious navigating independent paths to religious devotion From Angela a data driven writer and journalist who finds herself drawn to Quaker meetings to Hana whose conversion to Islam leads her halfway around the world to Christina whose Amish faith transforms her relationship to modernity these women s unexpected revelations introduce them to new and sometimes radically different ways of living Along the way Osgood charts a fascinating course through a wide range of cultural references from Saint Augustine Simone Weil and Tolstoy to desert hermits Alcoholics Anonymous and contemporary feminism to explore some of our attempts to understand and cope with the mysteries of life and the human condition Driven by a profound curiosity and anchored by intimate reporting *Godstruck* is a provocative insightful and refreshingly nuanced exploration of both the joys and the challenges of faith that reveals what these seekers can teach all of us about modern life and our own searches for meaning

Incentive Marketing, 1974 **The Playbill**, 1939 The Brave Learner Julie Bogart, 2019-02-05 Publishers Weekly
bestseller A joyful and accessible homeschool guide to making learning a part of everyday life. Parents who are deeply invested in their children's education can be hard on themselves and their kids. When exhausted parents are living the day to day grind, it can seem impossible to muster enough energy to make learning fun or interesting. How do parents nurture a love of learning amid childhood chaos, parental self-doubt, the flu, and state academic standards? In this book, Julie Bogart distills decades of experience homeschooling her five now-grown children, developing curricula, and training homeschooling families around the world to show parents how to make education an exciting, even enchanting experience for their kids, whether they're in elementary or high school. Enchantment is about ease, not striving. Bogart shows parents how to make room for surprise, mystery, risk, and adventure in their family's routine so they can create an environment that naturally moves learning forward. If a child wants to pick up a new hobby or explore a subject area that the parent knows little about, it's easy to simply say no to end the discussion and the parental discomfort while dousing their child's curious spark. Bogart gently invites parents to model brave learning for their kids so they too can approach life with curiosity, joy, and the courage to take learning risks.
