

FINANCIAL AID FOR COLLEGE

Don't panic about those scary high costs of attendance you see posted on college websites. Lots of students actually pay through grants, scholarships and other "free" costs by following all steps. To make sure your family gets its fair share of financial aid, follow these very key steps.

1. ESTABLISH A PLAN

☐ HAVE FAMILY MEETING

Family gets to get everyone on early decision (ED) agreement. You have 3 months to discuss and make an educational strategy and college targets to meet and if you agree, you've set your goals. College applications have costs. Don't wait until the beginning of senior year to strategize.

☐ FIND A FINANCIAL SAFETY SCHOOL

Look for schools that give early colleges where you'll apply to be an undergraduate. Don't get lost at some private college where you hope to be accepted at graduate school. The odds of acceptance are low, even at small colleges for some.

☐ SORT OUT A SAVING PLAN

Apply to save on college that completely offsets all other costs. Most of your scholarship and the money you save on tuition.

2. MAKE A TARGET

☐ COMPLETE THE FAFSA

Even if you don't need federal aid, all colleges require it for federal financial aid. Do it early. Complete it after you've met that college's deadline.

☐ CHECK WHAT TO LEAVE OUT

When you fill out the FAFSA, don't include your income taxes, any other money in a 529 plan, other assets, including retirement. Include your other savings and investments, including all of them. Sometimes, those accounts go up or down. Make sure you're up to date with all the information you're giving.

☐ FILL IN THE 1099

The 1099 form is for income. It's important to get accurate info. Make sure you're up to date with all the information you're giving.

3. MAKE A TARGET

☐ MAKE YOUR TARGET

A target is a \$10,000-a-year college goal. You can't get it all from federal aid. You can't get it all from private aid. You can't get it all from your own money. You can't get it all from your own money. You can't get it all from your own money.

☐ LOOK BEYOND THE 1099

When you fill out the FAFSA, don't include your income taxes, any other money in a 529 plan, other assets, including retirement. Include your other savings and investments, including all of them. Sometimes, those accounts go up or down. Make sure you're up to date with all the information you're giving.

☐ APPLY TO THE RIGHT COLLEGE

Apply to the right college. Don't apply to the wrong college. Don't apply to the wrong college. Don't apply to the wrong college.
