A Future for Public Service Television Des Freedman, Vana Goblot, 2018-05-04 A guide to the nature purpose and place of public service television within a multi platform multichannel ecology Television is on the verge of both decline and rebirth Vast technological change has brought about financial uncertainty as well as new creative possibilities for producers distributors and viewers This volume from Goldsmiths Press examines not only the unexpected resilience of TV as cultural pastime and aesthetic practice but also the prospects for public service television in a digital multichannel ecology The proliferation of platforms from Amazon and Netflix to YouTube and the vlogosphere means intense competition for audiences traditionally dominated by legacy broadcasters Public service broadcasters whether the BBC the German ARD or the Canadian Broadcasting Corporation are particularly vulnerable to this volatility Born in the more stable political and cultural conditions of the twentieth century they face a range of pressures on their revenue their remits and indeed their very futures This book reflects on the issues raised in Lord Puttnam's 2016 Public Service TV Inquiry Report with contributions from leading broadcasters academics and regulators With resonance for students professionals and consumers with a stake in British media it serves both as historical record and as a look at the future of television in an on demand age Contributors include Tess Alps Patrick Barwise James Bennett Georgie Born Natasha Cox Gunn Enli Des Freedman Vana Goblot David Hendy Jennifer Holt Amanda D Lotz Sarita Malik Matthew Powers Lord Puttnam Trine Syvertsen Jon Thoday Mark Thompson

Platform Power and Policy in Transforming Television Markets Tom Evens, Karen Donders, 2018-04-04 This book seeks to investigate platform power in the multi platform era and unravels the evolution of power structures in the TV industry as a result of platformisation Multiple TV platforms and modes of distribution are competing not necessarily in a zero sum game to control the market In the volume the contributors work to extend established platform theory to the TV industry which has become increasingly organised as a platform economy The book helps to understand how platform power arises in the industry how it destabilises international relations and how it is used in the global media value chain Platform Power and Policy in Transforming Television Markets contributes to the growing field of media industry studies and draws on scholarly work in communication political economy and public policy whilst providing a deeper insight into the transformation of the TV industry from an economic political and consumer level Avoiding a merely legal analysis from a technology driven perspective the book provides a critical analysis of the dominant modes of power within the evolving structures of the global TV value chain

Danish Television Drama Anne Marit Waade, Eva Novrup Redvall, Pia Majbritt Jensen, 2020-08-04 This book explores how to understand the international appeal of Danish television drama and Nordic Noir in the 2010s Focusing on production and distribution as well as the series and their reception the chapters analyse how this small nation production culture was suddenly regarded as an example of best practice in the international television industries and how the distribution and branding of particular series such as Forbrydelsen The Killing Borgen and Bron The Bridge led to dedicated

audiences around the world Discussing issues such as cultural proximity transnationalism and glocalisation the chapters investigate the complex interplays between the national and international in the television industries and the global lessons learned from the way in which screen ideas production frameworks and public service content from Denmark suddenly managed to travel widely The book builds on extensive empirical material and case studies conducted as part of the transnational research project What Makes Danish Television Drama Travel The New Television Handbook Jonathan Bignell,Jeremy Orlebar,Patricia Holland,2017-07-14 The New Television Handbook provides an exploration of the theory and practice of television at a time when the medium is undergoing radical changes The book looks at television from the perspective of someone new to the industry and explores the place of the medium within a constantly changing digital landscape This title discusses key skills involved in television production including producing production management directing camera sound editing and visual effects Each of these activities is placed within a wider context as it traces the production process from commissioning to post production The book outlines the broad political and economic context of the television industry It gives an account of television genres in particular narrative factual programmes and news and it considers the academic discipline of media studies and the ways in which theorists have analysed and tried to understand the medium It points to the interplay of theory and practice as it draws on the history of the medium and observes the ways in which the past continues to influence and invigorate the present The New Television Handbook includes contributions from practitioners ranging from established producers to new entrants a comprehensive list of key texts and television programmes a revised glossary of specialist terms a section on training and ways of getting into the industry By combining theory real world advice and a detailed overview of the industry and its history The New Television Handbook is an ideal guide for students of media and television studies and young professionals entering the television industry Turning the Page Angus Phillips,2014-02-05 This is an exciting period for the book a time of innovation experimentation and change It is also a time of considerable fear within the book industry as it adjusts to changes in how books are created and consumed The movement to digital has been taking place for some time but with consumer books experiencing the transition the effects of digitization can be clearly seen to everybody In Turning the Page Angus Phillips analyses the fundamental drivers of the book publishing industry authorship readership and copyright and examines the effects of digital and other developments on the book itself Drawing on theory and research across a range of subjects from business and sociology to neuroscience and psychology and from interviews with industry professionals Phillips investigates how the fundamentals of the book industry are changing in a world of ebooks self publishing and emerging business models Useful comparisons are also made with other media industries which have undergone rapid change such as music and newspapers This book is an ideal companion for anyone wishing to understand the transition of the book writing and publishing in recent years and will be particularly relevant to students studying publishing media and communications **Media Across Borders** Andrea Esser,Iain Robert

European Union *The War Against the BBC* Patrick Barwise, Peter York, 2020-11-19 There's a war on against the BBC. It is under threat as never before. And if we lose it, we won't get it back. The BBC is our most important cultural institution, our best value entertainment provider and the global face of Britain. It's our most trusted news source in a world of divisive disinformation. But it is facing relentless attacks by powerful commercial and political enemies, including deep funding cuts much deeper than most people realise, with imminent further cuts threatened. This book busts the myths about the BBC and shows us how we can save it before it's too late.

Transnational Latin American Television Nahuel Ribke, 2020-12-28 This book examines the process of transnationalization of Latin American television industries. Drawing upon six representative case studies spanning the subcontinent's vast and diverse geo-political and cultural landscape, the book offers a unique exploration of the ongoing formation of interrelated cultural, technological and political landscapes from the mid 1980s to the present. The chapters analyse the international circulation of the genres and formats of entertainment television across the subcontinent to explore the main driving forces propelling the production and consumption of television contents in the region and what we can learn about the cultural and social identities of Latin American audiences following the journey of genres, formats and media personalities beyond their own national borders. Taking a contemporary interdisciplinary approach to the study of transnational television industries, this book will be of significant interest to scholars and students of television and film studies, communication studies, Latin American studies, global media studies and media and cultural industries.

Handbook of Research on Comparative Approaches to the Digital Age Revolution in Europe and the Americas Passarelli, Brasilina, 2015-09-21 The way we talk, work, learn and think has been greatly shaped by modern technology. These lifestyle changes have made digital literacy the new written literacy, where those who are not able to use computers are unable to function and perform everyday tasks. The Handbook of Research on Comparative Approaches to the Digital Age Revolution in Europe and the Americas explores the new ways that technology is shaping our society and the advances it is bringing along, with potential drawbacks such as human jobs being replaced by computers. This expansive handbook is an essential reference source for students, academics and professionals in the fields of communication, information technology, sociology, social policy and education; it will also prove of interest to policymakers, funding agencies and digital inclusion program developers. This handbook features a broad scope of research-based articles on topics including, but not limited to, computational thinking, e-portfolios, e-citizenship, digital inclusion policies and information literacy as a form of community empowerment.

Digitized Lives T.V. Reed, 2014-06-05 In a remarkably short period of time, the Internet and associated digital communication technologies have deeply changed the way millions of people around the globe live their lives. But what is the nature of that impact? In chapters examining a broad range of issues including sexuality, politics, education, race, gender, relations, the environment and social protest movements, *Digitized Lives* seeks answers to these central questions: What is truly new about so-called new media, and what is just hype? How have our lives been made better or worse by digital?

communication technologies In what ways can these devices and practices contribute to a richer cultural landscape and a more sustainable society Cutting through the vast and often contradictory literature on these topics Reed avoids both techno hype and techno pessimism offering instead succinct witty and insightful discussions of how digital communication is impacting our lives and reshaping the major social issues of our era The book argues that making sense of digitized culture means looking past the glossy surface of techno gear to ask deeper questions about how we can utilize technology to create a more socially politically and economically just world Companion website available at culturalpolitics.net/digital_cultures

Sports Media Rights in the Age of Streaming and Platformisation Tom Evens, Paul Smith, 2024-12-18 Against a backdrop of increased online distribution of media this book provides an in depth analysis of how the platformisation of television is both shaping and being shaped by the changing sports media market Beginning by looking at the business models and strategies of the major stakeholders involved in the sports broadcasting value chain the authors go on to focus on the challenges and opportunities posed by the growth of OTT delivery for the regulation of sports broadcasting in several key areas including copyright law and piracy competition issues linked to the buying selling and distribution of premium sports content and legislation designed to safeguard coverage of certain national and international sporting events for free to air television Key areas of continuity such as the persistence of national regional markets the importance attached to premium sports rights by rival delivery platforms as a source of market power and the need to update key areas of policy and regulation in order to address challenges posed by the use of OTT delivery are also discussed This book makes use of a range of international and regional examples and case studies not least the Olympic Games and the FIFA World Cup and identifies different strategies employed in the buying selling and distribution of sports rights for all major parties in the sports media value chain including new entrant OTT players traditional pay TV operators public service broadcasters and a range of international sports organizations Providing a complete assessment of the relevance and future effectiveness of key areas of policy and regulation in sports media distribution this book is recommended reading for advanced students and researchers of Sports Media Sports Management and Media Industries

The Digital Glocalization of Entertainment Paolo Sigismondi, 2011-08-31 In this volume Paolo Sigismondi explores the dynamics of global media and entertainment specifically analyzing the implications of the global rise of non scripted entertainment as reality TV programs and the impact and consequences of the Information and Communication Technology ICT revolution on the content delivery platforms and overall business models of the media and entertainment landscape This work aims at bridging the gap between media theories and industry practices in a rapidly evolving global mediascape building on scholarship in the field and enriched by case studies and insights from business practice This work demonstrates that the paradigms of the landscape are shifting introducing the digital glocalization of entertainment through which successful media crossing national and cultural borders incorporate both global and local features Key questions raised include Is the ICT revolution an example of disruptive

technology for the global media and entertainment industry Is the existing status quo challenged and in particular Hollywood's global leadership What are the global entities emerging as Hollywood's main competitors in this technologically evolving landscape Sigismondi argues that as new players are entering the field new threats to Hollywood's dominance are emerging The global leaders in non scripted entertainment for example are European based global entities operating outside the Hollywood system Meanwhile the ICT revolution is modifying the contours and boundaries of the global mediascape Sigismondi's approach provides unique insight into how the forces of technology and globalization are transforming television cinema and online entertainment

Twitter is Not a Strategy Tom Doctoroff, 2025-09-23 In a cultural climate saturated by technology marketing professionals have focused their energies on creating newer and more digital methods of advertising their brands with the fear that if they don't embrace Big Data they will fade into obscurity But Tom Doctoroff Asia CEO for J Walter Thompson argues that this frenzy over digital and social media has created a schism in the marketing world that is hindering brands from attaining their true business potential The tension between traditional branding and the seemingly unlimited possibilities presented by the advent of digital branding leads companies to abandon the tried and true aspects of marketing for the flash of the new In *Twitter is Not a Strategy* Doctoroff explains why a strategy that truly integrates the two ideas is the best way for a brand to move into the future Using some of the biggest brand names in the world as examples such as Coca Cola Nike and Apple he breaks down the framework of marketing to explain how digital marketing can't stand without the traditional foundation

consumption The SAGE Handbook of Television Studies is an essential reference work for all advanced undergraduates graduate students and academics across broadcasting mass communication and media studies **The Format Age** Jean K. Chalaby, 2015-12-14 Few trends have had as much impact on television as formats have in recent years Long confined to the fringes of the TV industry they have risen to prominence since the late 1990s Today they are a global business with hundreds of programmes adapted across the world at any one time from mundane game shows to blockbuster talent competitions from factual entertainment to high end drama Based on exclusive industry access this book provides an in depth analysis of the complex world of the TV format from its origins to the present day Chalaby delivers a comprehensive account of the TV format trading system and conceptualizes the global value chain that underpins it unpicking the corporate strategies and power relations within Using interviews with format creators he uncovers the secrets behind the world s most travelled formats exploring their narrative structure and cultural meanings **Consumed Nostalgia** Gary Cross, 2015-09-08 Nostalgia isn t what it used to be For many of us modern memory is shaped less by a longing for the social customs and practices of the past or for family heirlooms handed down over generations and more by childhood encounters with ephemeral commercial goods and fleeting media moments in our age of fast capitalism This phenomenon has given rise to communities of nostalgia whose members remain loyal to the toys television and music of their youth They return to the theme parks and pastimes of their upbringing hoping to reclaim that feeling of childhood wonder or teenage freedom Consumed nostalgia took definite shape in the 1970s spurred by an increase in the turnover of consumer goods the commercialization of childhood and the skillful marketing of nostalgia Gary Cross immerses readers in this fascinating and often delightful history unpacking the cultural dynamics that turn pop tunes into oldies and childhood toys into valuable commodities He compares the limited appeal of heritage sites such as Colonial Williamsburg to the perpetually attractive power of a Disney theme park and reveals how consumed nostalgia shapes how we cope with accelerating change Today nostalgia can be owned collected and easily accessed making it less elusive and often more fun than in the past but its commercialization has sometimes limited memory and complicated the positive goals of recollection By unmasking the fascinating idiosyncratic character of modern nostalgia Cross helps us better understand the rituals of recall in an age of fast capitalism
