Selling Ronald Reagan Gerard DeGroot, 2015-09-23 Before 1966 the idea of Reagan in politics provoked widespread scorn To most people he seemed a has been actor a right wing extremist and a dunce Journalists therefore ridiculed his aspirations to be governor of California No one however doubted his incredible ability to communicate with a crowd In order to succeed in his campaign Reagan had to be packaged as an outsider an antidote to politics as usual A highly sophisticated team of marketers and ad men turned the scary right winger into a harmless moderate who could attract supporters from across the political spectrum Researchers meanwhile provided the coaching that allowed Reagan to seem well informed all of which led to Reagan winning the California governorship by a landslide Gerard DeGroot here explores how in the decade of consumerism Reagan was marketed as a product While there is no doubting his natural abilities as a campaigner Reagan won in 1966 because his team of advisers understood how to sell their candidate and he wisely allowed himself to be sold **Selling Ronald Reagan** tells the story of Reagan s first election when the nature of campaigning was forever altered and a titan of modern American history emerged

The Creativity Complex Shannon Steen, 2023-07-12 Creativity is a word that excites and dazzles us It promises brilliance and achievement a shield against conformity a channel for innovation across the arts sciences technology and education and a mechanism for economic revival and personal success But it has not always evoked these ideas The Creativity Complex traces the history of how creativity has come to mean the things it now does and explores the ethical implications of how we use this term today for both the arts and for the social world more broadly Richly researched the book explores how creativity has been invoked in arenas as varied as Enlightenment debates over the nature of cognition Victorian era intelligence research the Cold War technology race contemporary K 12 education and even modern electoral politics Ultimately The Creativity Complex asks how our ideas about creativity are bound up with those of self fulfillment responsibility and the individual and how these might seduce us into joining a worldview and even a set of social imperatives that we might otherwise find troubling

God's Law and Order Aaron Griffith, 2020-11-10 Winner of a Christianity Today Book Award An incisive look at how evangelical Christians shaped and were shaped by the American criminal justice system America incarcerates on a massive scale Despite recent reforms the United States locks up large numbers of people disproportionately poor and nonwhite for long periods and offers little opportunity for restoration Aaron Griffith reveals a key component in the origins of American mass incarceration evangelical Christianity Evangelicals in the postwar era made crime concern a major religious issue and found new platforms for shaping public life through punitive politics Religious leaders like Billy Graham and David Wilkerson mobilized fears of lawbreaking and concern for offenders to sharpen appeals for Christian conversion setting the stage for evangelicals who began advocating tough on crime politics in the 1960s Building on religious campaigns for public safety earlier in the twentieth century some preachers and politicians pushed for law and order urging support for harsh sentences and expanded policing Other evangelicals saw crime as a

missionary opportunity launching innovative ministries that reshaped the practice of religion in prisons From the 1980s on evangelicals were instrumental in popularizing criminal justice reform making it a central cause in the compassionate conservative movement At every stage in their work evangelicals framed their efforts as colorblind which only masked racial inequality in incarceration and delayed real change Today evangelicals play an ambiguous role in reform pressing for reduced imprisonment while backing law and order politicians God's Law and Order shows that we cannot understand the criminal justice system without accounting for evangelicalism's impact on its historical development

The Color of Money Mehrsa Baradaran,2017-09-14 In 1863 black communities owned less than 1 percent of total U S wealth Today that number has barely budged Mehrsa Baradaran pursues this wealth gap by focusing on black banks She challenges the myth that black banking is the solution to the racial wealth gap and argues that black communities can never accumulate wealth in a segregated economy
