Security in 21st Century Europe Andrew Cottey, 2025-05-01 The nature of security in Europe has been transformed in recent years Security in 21st Century Europe argues that the defining feature of contemporary European security is the existence of a security community underpinned by the twin institutions of the EU and NATO but that today the European security community NATO and the EU face a growing array of external challenges and their ability to respond to those challenges is increasingly being called into question Offering a systematic assessment of security in contemporary Europe this third edition examines the changing character of European security and assesses the extent of the threats posed by recent challenges as well as the policy dilemmas involved in responding to these challenges It explores Europe's engagement with core thematic issues in European security including military intervention nuclear weapons terrorism and non military security Providing both a substantive contribution to academic thinking on European security and a overview of debates on contemporary European security this new edition offers 3 new chapters on migration climate change and cybersecurity Coverage of all recent major developments related to European security including the Syrian civil war and the regional destabilization arising from it Russia Ukraine crisis the rise of populism the migration crisis the acceleration of China's rise Security in 21st Century Europe combines theory and detailed empirical analysis exploring both how different theoretical perspectives can help us think about European security and concrete empirical developments in European security policies and institutions This text is the perfect companion for advanced undergraduate and Master's level courses on European security whether within courses in Security studies European studies or International Relations

The Rule of Law in an Era of Change George J. Andreopoulos, Rosemary L. Barberet, Mahesh K. Nalla, 2018-07-16 This forward thinking volume examines the rule of law from a global perspective in the context of a growing array of transnational challenges and threats As the United Nations UN notes the rule of law constitutes the basis on which fair and just societies are built The contributions to this volume provide insights to several emerging debates about what the rule of law means in the modern era of warfare and of massive and systematic human rights violations that call for robust and transparent accountability mechanisms and processes The authors of this work examine several controversial topics including The growing use of drones and the morality of long distance use The UN Security Council's evolving counterterrorism policies and practices Victims Rights and the effort to provide meaning and justice to victims and survivors of terrorism The relationship between the International Criminal Court ICC and Truth and Reconciliation Commissions TRCs The effectiveness of the international criminal justice process overall with an eye to procedural fairness and justice This timely work will be of interest to researchers in criminal justice particularly with a focus on counter terrorism and international justice as well as international law human rights and international studies

What Social Robots Can and Should Do Johanna Seibt, Søren Schack Andersen, 2016-10-14 Social robotics drives a technological revolution of possibly unprecedented disruptive potential both at

the socio economic and the socio cultural level The rapid development of the robotics market calls for a concerted effort across a wide spectrum of academic disciplines to understand the transformative potential of human robot interaction This effort cannot succeed without the special expertise in the study of socio cultural interactions norms and values that humanities research provides This book contains the proceedings of the conference What Social Robots Can and Should Do Robophilosophy 2016 TRANSOR 2016 held in Aarhus Denmark in October 2016 The conference is the second event in the biennial Robophilosophy conference series this time combined with an event of the Research Network for Transdisciplinary Studies in Social Robotics TRANSOR Featuring 13 plenaries and 74 session and workshop talks the event turned out to be the world s largest conference in Humanities research in and on social robotics The book is divided into 3 sections Part I and Part III contain the abstracts of plenary lectures and contributions to 6 workshops Artificial Empathy Co Designing Children Robot Interaction Human Robot Joint Action Phronesis for Machine Ethics Robots in the Wild and Responsible Robotics Part II contains short papers for presentations in 7 thematically organized sessions methodological issues ethical tasks and implications emotions in human robot interactions education art and innovation artificial meaning and rationality social norms and robot sociality and perceptions of social robots The book will be of interest to researchers in philosophy anthropology sociology psychology linguistics cognitive science robotics computer science and art Since all contributions are prepared for an interdisciplinary readership they are highly accessible and will be of interest to policy makers and educators who wish to gauge the challenges and potentials of putting robots in society

Sex and World Peace Valerie M. Hudson,Mary Caprioli,Donna Lee Bowen,Rose McDermott,2023-05-30 Sex and World Peace is a groundbreaking demonstration that the security of women is a vital factor in the occurrence of conflict and war unsettling a wide range of assumptions in political and security discourse Harnessing an immense amount of data it relates microlevel violence against women and macrolevel state peacefulness across global settings The authors find that the treatment of women informs human interaction at all levels of society They call attention to the adverse effects on state security of sex based inequities such as sex ratios favoring males the practice of polygamy and lax enforcement of national laws protecting women Their research challenges conventional definitions of security and democracy and common understandings of the causes of world events The book considers a range of ways to remedy these injustices including top down and bottom up approaches to redressing violence against women and the lack of sex parity in decision making Advocating a state responsibility to protect women the authors campaign against women s systemic insecurity which threatens the security of all Sex and World Peace has been a go to book for instructors advocates and policy makers since its publication in 2012 Since

then there have been major changes in world affairs including the MeToo movement as well as advances in both theoretical and empirical literature surrounding the subject This second edition which adds coauthors Rose McDermott and Donna Lee Bowen alongside Valerie M Hudson and Mary Caprioli revises and updates the book for a new generation The book retains its foundational overview of the relationship between women s oppression and war enhanced by fresh data and new material covering recent developments for global women s rights and analysis of additional examples of gender and conflict throughout the world
