Mediated Moms Heather L. Hundley, Sara E. Hayden, 2016 Images of good mothers saturate the media yet so too do images of mothers who do not fit this mold Numerous scholars have addressed bad mothers in the media arguing that these images are a necessary counterpoint that serves to buttress the good mother myth The authors in this volume explore how images of mothers have expanded beyond the good bad dichotomy simultaneously and sometimes paradoxically serving to reinforce fracture and or transcend the ideology of good motherhood Contents Sara E Hayden Heather L Hundley Challenging the motherhood myth Suzy D Enbeau Patrice M Buzzanell Counter intensive mothering exploring transgressive portrayals and transcendence on Mad Men Elizabeth Fish Hatfield Motherhood and mental health Carrie Mathison s Homeland pregnancy Katherine J Lehman Addicted to danger The fierce flawed mothers of nurse Jackie and Weeds Susana Mart nez Guillem Lisa A Flores Maternal transgressions racial regressions how whiteness mediates the worst white moms Natasha Howard 16 and pregnant and black Challenging and debunking stereotypes Sharon R Mazzarella It is what it is Here comes honey Boo Boo s Mama June Shannon as unruly mother Stephanie L Gomez Save your tears for your pillow Tough love and the mothering double bind in dance moms Beth L Boser I forgot how it was to be normal Decompensating the binary of good bad Motherhood Rachel D Davidson Lara C Stache A tale of morality class and transnational mothering broadening and constraining motherhood in Mammoth Tash a N Dubriwny Mommy blogs and the disruptive possibilities of transgressive drinking Valerie Palmer Mehta Sherianne Shuler Devil mamas of social media Resistant maternal discourses in Sanctimommy Linda Steiner Carolyn Bronstein When tiger mothers transgress Amy Chua Dara Lynn Weiss and the cultural imperative of intensive mothering Heading Home Shani Orgad, 2019-01-08 Women in today s advanced capitalist societies are encouraged to lean in The media and government champion women s empowerment In a cultural climate where women can seemingly have it all why do so many successful professional women lawyers financial managers teachers engineers and others give up their careers after having children and become stay at home mothers How do they feel about their decision and what do their stories tell us about contemporary society Heading Home reveals the stark gap between the promise of gender equality and women s experience of continued injustice Shani Orgad draws on in depth personal and profoundly ambivalent interviews with highly educated London women who left paid employment to take care of their children while their husbands continued to work in high powered jobs Despite identifying the structural forces that maintain gender inequality these women still struggle to articulate their decisions outside the narrow cultural ideals that devalue motherhood and individualize success and failure Orgad juxtaposes these stories with media and policy depictions of women work and family detailing how even as their experiences fly in the face of fantasies of work life balance and marriage as an egalitarian partnership these women continue to interpret and judge themselves according to the ideals that are failing them Rather than calling for women to transform their feelings and behavior Heading Home argues that we must unmute and amplify

women's desire disappointment and rage and demand social infrastructure that will bring about long overdue equality both at work and at home

Like Mother, Like Daughter? Armstrong, Jill, 2019-03-06 Women are encouraged to believe that they can occupy top jobs in society by the example of other women thriving in their careers Who better to be a role model for career success than your mother Paradoxically this book shows that having a mother as a role model even for graduates of top universities does not predict daughters progressing in their own careers It finds that mothers with careers whilst highly influential in their daughters choice of career path rarely mentor their daughters as they progress This is partly explained by quiet ambition the tendency of women to be modest about their achievements Bigger issues are the twin pressures from contemporary motherhood and workplace culture that ironically lead career women's daughters to believe that being a good mother means working part time This stalls career progress Based on a large cross generational qualitative sample this book offers a timely and original perspective on the debate about gender equality in leadership positions

Meeting, 2001 *Marriages and Families* Mary Ann Schwartz, Barbara Marliene Scott, 2007 Taking an historical cross cultural and global approach this book focuses on the link between social structure and the everyday lives of people's diverse experiences of marriages families and intimate relationships It shows how contemporary families go well beyond the traditional heterosexual two parent white middle class family and heterosexual legally sanctioned marriage challenges the assumption that one culture's way of doing things is the natural or right way shows how marriage and family life have changed historically over time and from place to place and how political and economic globalization impacts families worldwide Features extensive boxed material accompanied by questions for personal reflection *Marriages and Families Over Time Ways of Studying and Explaining Marriages and Families Understanding Gender Its Influence In Intimate Relationships The Many Faces of Love Dating Coupling and Mate Selection Sexuality and Intimate Relationships Nonmarital Lifestyles The Marriage Experience Reproduction and Parenting Evolving Work and Family Structures Violence and Abuse The Process of Uncoupling Divorce in the United States Remarriage and Remarried Families Families in Later Life Marriages and Families in the Twenty first Century U S and World Trends* For anyone interested in marriage and family dynamics including individuals counselors nurses social workers home economists etc *The War on Moms* Sharon Lerner, 2010-03-25 A stinging account of how public policy and private businesses have failed to adapt to working mothers Jennifer Ludden NPR Why life is harder on American families than it's been in decades the book that takes the blame away from moms and puts it where it really belongs Pressed for time and money unable to find decent affordable daycare wracked with guilt at falling short of the mythic supermom ideal working and non working American mothers alike have it harder today than they have in decades and they are worse off than many of their peers around the world Why Because they're raising their kids in a family unfriendly nation that virtually sets them up to fail *The War on Moms* exposes the stress put on families by an outdated system still built around the idea that women can afford not to work It tells the truth that overworked stressed out American moms need to hear that they're not alone and they're not to blame Exposes a lack of reasonable and flexible work opportunities as the real cause of the supposed rift between employed and stay at home mothers Explodes the myths about supermoms slacker dads opt out moms bootstrap moms daycare options and make money from home scams Uncovers the widespread brutal reality of having no paid maternity leave Offers portraits of real women across social classes and across the country who are struggling with issues that will strike a familiar chord with most Americans Explains why American women have it hard and why it's not going to get any easier until the country dramatically changes course *The War on Moms* turns the mommy wars debate on its head by arguing that a mother's real enemy is not other women but a nationwide indifference to the cultural and economic realities facing parents and families in the United States today ***Mothering Against the Odds*** Cynthia Garcia-Coll, Janet L. Surrey, Kaethe

Weingarten,1998-04-17 We all know what a good mother looks like on television and in the popular imagination typically she is white heterosexual and married and devotes herself full time to child care But increasing numbers of women who mother today do not fit this narrow traditional image and their different experiences of mothering are often maligned misunderstood or ignored This compelling book presents the stories of diverse mothers whose life circumstances place them outside the mainstream Filled with the voices of the women themselves chapters explore the lives of mothers of exceptional children and biracial children mothers who seek closeness and connection with their adolescent children mothers with HIV AIDS immigrant homeless single lesbian adoptive and teen mothers African American mothers living in poverty and mothers in prison Their vivid heartfelt accounts demonstrate the unique strengths of women struggling to overcome personal and societal barriers and take us beyond labeling entire groups of mothers as normal or deviant good or bad Someone Other Than a Mother Erin S. Lane,2022-04-26 Theologian Erin S Lane overturns dominant narratives about motherhood and inspires women to write their own stories Is it possible to do something more meaningful than mothering As a young Catholic girl who grew up in the American Midwest on white bread and Jesus Erin S Lane was given two options for a life well lived Mother or Mother Superior She could marry a man and mother her own children or she could marry God so to speak and mother the world s children Both were good outcomes for someone else s life Neither would fit the shape of hers Interweaving Lane s story with those of other women including singles and couples stepparents and foster parents the infertile and the ambivalent Someone Other Than a Mother challenges the social scripts that put moms on an impossible pedestal and shame childless women and nontraditional families for not measuring up You may have heard these lines before Motherhood is the toughest job This script diminishes the work of non moms and pressures moms to make parenting their full time gig It ll be different with your own This script underestimates the love of nonbiological kin and pushes unfair expectations onto nuclear families Family is the greatest legacy This script turns children into the ultimate sign of a woman s worth and discounts the quieter ways we leave our mark With candor and verve Someone Other Than a Mother tears up the shaming social scripts that are bad for moms and non moms alike and rewrites the story of a life well lived one in which purpose is bigger than body parts identity is fuller than offspring and legacy is so much more than DNA Mother Troubles Julia Hanigsberg,1999-08-01 A marvelous collection unified by its determination to speak on behalf of mothers assailed by government policies social institutions and a culture of mother blaming These essays open the way for more direct compassionate respectful and constructive responses to the dilemmas facing families and mothers Alison M Jaggar author of Feminist Politics and Human Nature To Have and to Hold Molly Millwood, PhD,2019-03-26 A clinical psychologist s exploration of the modern dilemmas women face in the wake of new motherhood When Molly Millwood became a mother she was fully prepared for what she would gain an adorable baby boy hard won mothering skills and a messy chaotic beautiful life But what she did not expect was what she would lose aspects of her identity a baseline level of happiness a general sense

of wellbeing And though she had the benefit of a supportive husband during this transition she also at times resented the fact that the disruption to his life seemed to pale in comparison to hers As a clinical psychologist Molly knew her experience was a normal response to a life changing event But without the advantage of such a perspective many of the patients she treated in her private practice grappled with self doubt guilt and fear and suffered the dual pain of not only the struggle to adjust but also the overwhelming shame for struggling at all In *To Have and to Hold* Molly explores the complex terrain of new motherhood illuminating the ways it affects women psychologically emotionally physically and professionally as well as how it impacts their partnership Along with the arrival of a bundle of joy come thorny issues such as self worth control autonomy and dependency And for most new mothers these issues are experienced within the context of an intimate relationship adding another layer of tension conflict and confusion to an already challenging time As Molly examines the inextricable link between women s well being as new mothers and the well being of their relationships she offers guidance to help readers reclaim their identities overcome their guilt and shame and repair their relationships A blend of personal narrative scientific research and stories from Molly s clinical practice *To Have and to Hold* provides a much needed lifeline to new mothers everywhere [A Mother's Place](#) Susan Chira,1998-04-15 Written by a leading New York Times journalist and mother of two this book is at once a devastating expose of the distortions that have wrongly convinced many women that good mothers stay at home and an engaging personal account of how women can rewrite the rules of motherhood and defy the experts by striking the balance that best suits them and their children

Migrant Mothers in the Digital Age Leah Williams Veazey,2021-05-03 This book explores the experiences of migrant mothers through the lens of the online communities they have created and participate in Examining the ways in which migrant mothers build relationships with each other through these online communities and find ways to make a place for themselves and their families in a new country it highlights the often overlooked labour that goes into sustaining these groups and facilitating these new relationships and spaces of trust Through the concept of digital community mothering the author draws links to Black feminist scholarship that has shed light on the kinds of mothering that exist beyond the mother child dyad Providing new insights into the experiences of women who mother away from home in this contemporary digital age this volume explores the concepts of imagined maternal communities personal maternal narratives and migrant maternal imaginaries highlighting the ways in which migrant mothers imagine themselves within local national and diasporic maternal communities As such it will appeal to scholars and students with interests in migration and diaspora studies contemporary motherhood and the sociology of the family and modern forms of online sociality Winner of The Australian Sociological Association Raewyn Connell Prize for best first book published in Australian sociology 2020 2021 ***The Neutered Mother, The Sexual Family and Other Twentieth Century Tragedies*** Martha Albertson Fineman,2014-04-04 Calling for nothing less than a radical reform of family law and a reconception of intimacy *The Neutered Mother The Sexual Family and Other Twentieth Century Tragedies* argues strongly against current

legal and social policy discussions about the family because they do not have at their core the crucial concepts of caregiving and dependency as well as the best interests of women and children The Neutered Mother scrutinizes the definitions of family and mother throughout the volume while paying close attention to issues of race class and sexuality In addition Fienman convincingly contests society s refusal to dignify support and respond to the needs of caregivers and illustrates the burden they must bear due to this treatment This book is a crucial step toward defining America s most pressing social policy problems having to do with women motherhood and the family Marginalized Mothers, Mothering from the Margins

Tiffany Taylor,Katrina Bloch,2018-10-08 This volume examines the barriers and borders that marginalize mothers and their efforts to be good mothers and how they mother as a form of resistance to these barriers and borders
