

Mastercam X

What's New in Mastercam X MR1/SP2

This release of Mastercam X serves as both a Service Pack for those customers who do not have current Maintenance and as a Maintenance Release for those who do. If you have active Maintenance, the title bar at the top of the Mastercam window will say "MR1." Those without active Maintenance will display "SP2." All users share in the corrections we made since SP1, but only Maintenance users have access to the newest and hottest functionality. We do not guarantee that every time we issue a Maintenance Release, a parallel Service Pack will accompany it, but in this case, we believe that an SP is appropriate.
